**Histoire du football** Paul Dietschy, 2014-05-28 L'histoire du sport numéro 1 de la mondialisation depuis son invention au XIXe siècle : le football. Ses aspects politiques, sociaux, économiques et culturels ainsi que l'histoire des grandes équipes et des grands footballeurs. Si le football est le sport le plus populaire du monde, son histoire reste largement méconnue. Né d'une commune origine avec le rugby, le football s'est rapidement émancipé de cet héritage et essaimant sur la planète s'est rapidement imposé. L'ouvrage de Paul Dietschy répond aux interrogations que tous les amoureux du ballon se posent : l'histoire des règles des clubs et des fédérations, l'histoire des stratégies et des manières de jouer, liens entre sport et politique, rôle de l'argent et de la médiatisation. Tous ces aspects sont examinés à la lumière des archives sans parti pris mais sans tabous.

*A People's History of Football* Mickaël Correia, 2023-10-20 A fascinating journey through the game's history as a vehicle of change. Shaka Hislop, former footballer, anti-racist educator and broadcaster. Correia takes us around the world to examine how football has produced the kind of political energy that can change minds and even topple governments. Dave Zirin, Sports Editor, The Nation. An essential history of the fans, players and teams that built the game and harnessed it as a force for good. Flo Lloyd Hughes, sportswriter and broadcaster. An essential read for football fans everywhere. Juliet Jacques, writer, filmmaker and journalist. Football is so much more than the billionaire owners and eye-watering signing fees that dominate the headlines. Look beyond the Premiership and the World Cup, the sublime brilliance of Messi and Mbappé and you'll find a story unparalleled in the world of sport. From England, France and Germany to Palestine, South Africa and Brazil, *A People's History of Football* reveals how the beautiful game has been a powerful instrument of emancipation for workers, feminists, anti-colonialist activists, young people and protesters around the world. Countering the clichés about football fans, Mickaël Correia dives into football countercultures born after the Second World War, from English hooligans to the ultras who played a central role in the Arab Spring. And with chapters on anti-fascism, the women's game and the rise in community-owned clubs, Correia reminds us that football can be a powerful social and political force as generous as it is subversive. Mickaël Correia is a journalist at Mediapart. He is the author of several books. He has written for *Le Monde Diplomatique*, *Le Canard Enchaîné* and *La Revue du Crieur*. His passion for football began when he was 4 with kickabouts on the streets of Roubaix.

*La balle au pied* Alfred Wahl, 1990 *Sport, Representation and Evolving Identities in Europe* Philip Dine, Seán Crosson, 2010 Sport annually mobilizes millions of people across Europe as practitioners in a wide variety of competitive, educational or recreational contexts and as spectators who are physically present or following events through the mass media. This book presents original research into modern sport funded by the Irish Research Council for the Humanities and Social Sciences. Its aim is to examine the distinctive contribution made by this complex phenomenon to the construction of European identities. Attention is focused on sport's social significance as a set of mass-mediated practices and spectacles giving rise to a network of images, symbols and discourses. The book seeks to explore and ultimately to explain the processes of representation and mediation involved in the sporting construction and subsequent renegotiation of local, national and increasingly global identities. It offers a survey of key developments in sporting Europe from the mid-nineteenth century to the present and from the Atlantic to the Urals, presenting findings by acknowledged international experts and emerging scholars at the level of individuals, communities, regions, nation-states and Europe as a whole in both its geographical and political incarnations. Its focus on representation offers a broadly conceived and consciously inclusive approach to issues of Europeanness in modern and contemporary sport.
