

TWO TIME MACHINES...

Which will change the course of history?

"This war will never end as long as both sides have time machines," Barbers warned, "because one side will always be able to travel back and chokemate the other."

To Adolf Hitler, the device called *Die Glocke*, or *The Bell*, is the wonder weapon that will win World War II for Nazi Germany, enabling the Reich to dominate the world. Others see the time machine differently, among them Franklin D. Roosevelt and Heinrich Himmler.

This dramatic story of the race to develop a time machine on both sides is the first novel by Robert F. Dorr, a non-fiction author of popular history books like *Admiral to Berlin* and *Fighting Hitler's Arm*. In Dorr's first fiction, the top American scientist is a young woman who has never held a job, and the top Nazi scientist is an SS madman in Hitler's inner circle. The outcome of the war may be decided by a commando raid in the tradition of *The Great Escape*.

Or maybe not.

Author Robert F. Dorr

Robert F. Dorr is an author (since 1955), an Air Force veteran (1957-60) and a retired senior American diplomat (1961-89).

Hitler S Time Machine:

Hitler's Time Machine Robert F. Dorr, 2015 To Adolf Hitler the device called Die glocke or The bell is the wonder weapon that will win World War II for Nazi Germany enabling the Reich to dominate the world Others see the time machine differently among them Franklin D Roosevelt and Heinrich Himmler **The Time Machine of Adolf Hitler** Henry Goldman, 2020-11-16 What would you think if I told you that Nazi Germany managed to create an artifact that allowed them to manipulate space time You would call me crazy right But what if the one who did it was an individual who lived at that time and worked on it and even more so showed all the palpable evidence before the world would you believe it The story that you will read is one of the most fascinating true stories that I have heard and that I discovered fortuitously in the voice of 2 survivors of what happened and possessors of the truth of their father The original documents from Germany from 1940 give it a unique and trustworthy strength It was October 2016 and on a routine trip I made to Germany for work reasons in the neighborhood where I lived I met two women one of them extremely special beyond her extreme beauty or that age did not pass in her she had something that made it unique its origin You will soon know why As days went by I made a nice friendship with both of them but what they told me one afternoon it was madness these words came from her lips for decades we hope to find a trustworthy person and finally we find you Until then I did not understand anything then they continued For the trust you have shown us all this time and your disinterested treatment without expecting anything in return we will show you the proofs of a story that only a handful have seen around the world and not even our family knows Despite my affection for them for a moment I felt strange and I thought many things but when they began to relate and show me documents one by one all made sense and I went into shock It was all about a dangerous project that Third Reich Germany had secretly developed at the end of 1940 and that until now no one alive had related with evidence In the course of later talks and knowing that I was a journalist they begged me to carry out the last wish of their father in life that someone write her story and reveal to the world the truth of humanity s most important experiment that no one knows I accepted without thinking twice because I had already verified more than 1000 original pages of the entire project and it was awesome I captured as best I could everything they told me and in the same way what was written in the memories of his father the protagonist of this story the German physicist AR GIRLAND They made me swear not to reveal their identities primarily to safeguard the integrity of their family Also they assured me that perhaps later they would show the world all the palpable evidence of the story that you will read next I want to emphasize that the story I tell is real and that for no reason will I reveal the identity and location of both women even if that costs me my life I know that they did not want to show me the second pillar of documents that were in the second box where possibly the specific location of this device is it is for this reason that all this is so dangerous Before saying goodbye to them at the end of 2016 with tears in their eyes they told me that it would probably be the last time for safety that we would meet physically but that by mail they would let me know
