Irish Review Of S:

Revisionist Scholarship and Modern Irish Politics Robert Perry, 2016-04-08 Almost nowhere are politics and history so intimately bound up as in Ireland Over the course of several hundred years rival political and religious camps have shaped their identities according to particular interpretations of their shared history As such any re examination and revision of Irish history has the potential to have a very real impact upon wider society Defining revisionism in historiography as a reaction to contemporary conflict in Ireland this book looks at how intellectuals scholars and those who were politically involved have reacted to a crisis of violence It explores how they believed that revisionism in historiography was necessary that a deconstruction re evaluation and revision of ideology and therefore history was crucial in such a crisis of violence This at times provocative approach seeks to better understand clarify and de mystify the ongoing revisionist debate in Ireland through a critique and exposition of the theory of change and the process and product of change Perry argues that revisionism should not be seen as solely a neutral form of academic or intellectual discourse but one that is fundamentally linked to politics at the widest possible level that revisionist assumptions underpin the validity and legitimacy of partition and the Northern Ireland state that revisionism is widely judged to be anti nationalist and pro unionist and that it is myopic with regard to the shortcomings of loyalism and unionism and has therefore a related ideological effect if not intended purpose

The Study of Religions in Ireland Brendan McNamara, Hazel O'Brien, 2022-06-02 This book provides a comprehensive and field defining examination of the study of religions in Ireland By bringing together some of the foremost experts on religions in an Irish context it critically traces the development of an important field of study and evaluates the thematic threads that have emerged as significant It thereby offers an assessment of contemporary religions in Ireland and their relationships to society culture economics politics and the State Contributors make connections between topics as diverse as Ireland's Revolutionary Period the formation of the Irish State the decline of Catholicism the rise of migrant religions and New Religious Movements and the effects of secularisation on religions and society This book emphasizes the interdisciplinary nature of the study of religions whilst illustrating the coherent themes that have shaped the development of the field in Ireland making it unique

Irish South Australia Susan Arthure, Fidelma Breen, Stephanie James, Dymphna Lonergan, 2019-01-17 Its capital is named after German born Queen Adelaide its main street after her English husband King William IV so it is not surprising that little is known about South Australia's Irish background However the first European to discover Adelaide's River Torrens in 1836 was Cork born and educated George Kingston who was deputy surveyor to Colonel Light the river was named in turn for Derryman Colonel Torrens Chairman of the South Australian Colonisation Commission Adelaide's first judge and first police commissioner were immigrants from Kerry and Limerick Irish South Australia charts Irish settlement from as far north as Pekina to the state's south east and Mount Gambier It follows the diverse fortunes of the Irish born elite such as George Kingston and Charles Harvey Bagot as well as doctors farmers lawyers orphans

parliamentarians pastoralists and publicans who made South Australia their home with various shades of political and religious beliefs Anglicans Catholics Dissenters Federationists Freemasons Home Rulers nationalists and Orangemen Irish markers can be found in South Australian archaeology architecture geography and history Some of these are visible in the hundreds of Irish place names that dot the South Australian landscape such as Clare Donnybrook Dublin Kilkenny Navan Rostrevor Tipperary and Tralee as Tarlee The book's editors are twentieth century Irish immigrants from Dublin Dymphna Lonergan Portadown Fidelma Breen Trim Susan Arthure and by descent from eight Irish born Stephanie James

The American Review of Reviews, 1921 *The Oxford Handbook of Irish Politics* David M. Farrell, Niamh Hardiman, 2021-09-01 Ireland has enjoyed continuous democratic government for almost a century an unusual experience among countries that gained their independence in the 20th century But the way this works in practice has changed dramatically over time Ireland's colonial past had an enduring influence over political life for much of the time since independence enabling stable institutions of democratic accountability while also shaping a dismal record of economic underdevelopment and persistent emigration More recently membership of the EU has brought about far reaching transformation across almost all aspects of Irish life But if anything the paradoxes have only intensified Now one of the most open economies in the world Ireland has experienced both rapid growth and one of the most severe crashes in the wake of the Great Recession On some measures Ireland is among the most affluent countries in the world yet this is not the lived experience for many of its citizens Ireland is an unequivocally modern state yet public life continues to be marked by formative ideas and values in which tradition and modernity are held in often uneasy embrace It is a small state that has ambitions to leverage its distinctive place in the Atlantic and European worlds to carry more weight on the world stage Ireland continues to be deeply connected to Britain through ties of culture and trade now matters of deep concern in the context of Brexit And the old fault lines between North and South between Ireland and Britain which had been at the core of one of Europe's longest and bloodiest civil conflicts risk being reopened by Britain's new hard edged approach to national and European identities These key issues are teased out in the 41 chapters of this book making this the most comprehensive volume on Irish politics to date

Ireland in Proximity David Alderson, Fiona Becket, Scott Brewster, Virginia Crossman, 2002-01-22 Ireland in Proximity surveys and develops the expanding field of Irish Studies reviewing existing debates within the discipline and providing new avenues for exploration Drawing on a variety of disciplinary and theoretical approaches this impressive collection of essays makes an innovative contribution to three areas of current and often contentious debate within Irish Studies This accessible volume illustrates the diversity of thinking on Irish history culture and identity By invoking theoretical perspectives including psychoanalysis cultural theories of space postcoloniality and theories of gender and sexual difference the collection offers fresh perspectives on established subjects and brings new and under represented areas of critical concern to the fore Chapter subjects include sexuality and gender identities the historiographical issues surrounding the Famine the Irish

diaspora theories of space in relation to Ulster and beyond Contributors include David Alderson Aidan Arrowsmith Caitriona Beaumont Fiona Becket Scott Brewster Dan Baron Cohen Mary Corcoran Virginia Crossman Richard Kirkland David Lloyd Patrick McNally Elisabeth Mahoney Willy Maley Shaun Richards ibhear Walshe **OECD Economic Surveys: Ireland 2022** OECD,2022-12-14 The Irish economy weathered the COVID 19 pandemic and is coping well with the repercussions from Russia's war of aggression against Ukraine While the fiscal position is currently strong with buoyant revenues a number of pressures arising from ageing housing health and climate change create fiscal risks in the longer term **The Saturday Review of Politics, Literature, Science and Art** ,1906 *Gleanings and Memoranda* ,1913 **A History of Victims of Crime** Stephen Strauss-Walsh,2023-05-19 This book examines the evolution of the contemporary crime victim's procedural place within modern Western societies Taking the history of the Irish crime victim as a case study the work charts the place of victims within criminal justice over time This evolves from the expansive latitude that they had during the eighteenth century to their major relegation to witness and informer in the nineteenth and back to a more contemporary recapturing of some of their previous centrality The book also studies what this has meant for the position of suspects and offenders as well as the population more generally Therefore some analysis is devoted to examining its impact on an offender's right to fair trial and social forms It is held that the modern crime victim has transcended its position of marginality This happened not only in law but as the consequence of the victim's new role as a key sociopolitical stakeholder This work flags the importance of victim rights conferrals and the social transformations that engendered such trends In this way victim re emergence is evidenced as being not just a legal change but a consequence of several more recent sociocultural transformations in our societies The book will be of interest to researchers academics and policy makers in criminal law human rights law criminology and legal history **Homes in Crisis Capitalism** Marnie Holborow,2024-02-22 Homes in Crisis Capitalism explores the core social reproduction role that individual households fulfil in our societies and the class and racial effects of this on gender inequality and discrimination Women now make up nearly half of the paid workforce globally yet prevailing neoliberal social policy continues to rule out adequate state provision of child and elder care choosing instead to rely on marketized services to fill the gap It is mainly women who carry out this little valued care work either in a non paid or paid capacity and gender inequality is entrenched across society Official gender parity policies often expressed in terms of equality of opportunity have done little to ease the double burden of domestic and care work for the vast majority of women Competitive labour markets discriminate against those expected to be the primary caregivers of children the sick and disabled and older people In addition the presence across many societies of an acute housing crisis and soaring inflation have put added pressures on home life A social reproduction crisis has developed and it is working class women and women of colour who are paying the price Holborow analyses homes in crisis capitalism through a Marxist lens of capitalist social reproduction This book charts the interwoven social and political effects and outcomes of work and care provided in the

home and makes the case for a radical break with capitalism to give social reproduction the material resources and social recognition it deserves

context of Northern Ireland and discusses how writing creates a sense of community and the different forms this takes when written from loyalist or republican perspectives The book takes its major theoretical energy from readings of Antonio Gramsci s concept of hegemony and Walter Benjamin s work on historiography these are applied to major writers such as Seamus Heaney Tom Paulin Paul Muldoon and Edna Longley and to institutions such as the Ulster Folk and Transport Museum

Creativity from Suburban Nowheres Ilja Van Damme, Ruth McManus, Michiel Dehaene, 2023-07-26 Looking at suburbs as places of creativity gives rise to novel and thought provoking narratives that typically run counter to the idea that suburbs are sites of ordinary mundane and everyday practices Far from being geographies of nowhere dull materialistic and monotone suburbs are unpacked as being heterogeneous and historically layered places of living work and creation Situating creativity in place and time *Creativity from Suburban Nowheres* displaces mainstream understandings of creativity and widespread stereotypes commonly associated with the suburbs Contributors explore the particular forms of creativity that suburbs elicit both in the process of their making materialization and community construction and in the myriad ways in which suburbs are inhabited and experienced They highlight accounts of suburbs as places that give people the space and latitude to shape individual and collective identities through creative practices at odds with mainstream culture and often remote from the classic agglomeration assets associated with inner cities Anchored in historical and geographical research this volume highlights how and in what forms creativity should be understood in the suburbs why and when creativity can be found and how the notion of suburban creativity overthrows ingrained and dominant normative viewpoints Rather than seeing creativity arise despite its suburban location *Creativity from Suburban Nowheres* illuminates the emancipatory potential of suburbs for creativity
