workouts are only a piece of the puzzle that help us to achieve our goals They are the needed evils of training for our sport but what seemed to be missing was a method to pull the information together in a manner that wasn't completely overwhelming My approach was developed to ensure I had triathlon work life balance and not necessarily in that order in an easy to understand methodology Most of us hold down full time jobs and have kids or other family activities at the very least I have a unique background for this journey with you I am veteran of many marathons and all Triathlon length races including multiple Ironman s I am an IRONMAN CERTIFIED Coach I am also a seasoned project manager since the early 90 s and have managed numerous multimillion dollar complex projects The discipline instilled by project management with budget scope schedule and quality constraints naturally lent itself to a logical and ordered approach for tackling the Ironman goals I took my simple approach that I apply to large projects and applied it for endurance sports
