Is He Bi Homo Or Strait:

Is He Bi, Homo, Or Strait? Prophetess Seals, 2014-11-16 This book speaks on the nature of a man asking the question Is he bi gay or strait

Between Gay and Straight Lisa M. Tillmann-Healy, 2001-04-26 It started as a class project a young married small town white woman interviewing a gay acquaintance and his circle of friends From this developed a three year exploration of the complexities of carrying on gay straight friendships This reflexive thoughtful and compellingly written study moves from gay bars to softball leagues to visits with families and friends both gay and straight During its course the author develops a growing understanding of the differences between the two communities the difficulties of developing bonds across groups and the inherent rewards of seeking and being the Other in contemporary society She explores sexuality marriage lifestyles and the meanings of friendship culminating in a boisterous dissertation defense attended by her new community of friends As a study of a gay community a narrative of personal development and change and an exploration of the use of friendship in conducting research that transforms both participants and researcher Tillmann Healy s work will be compelling reading for scholars students and the broader community

Two Women Are Opposite Sex Marcus Westfall, 2010-02 This book tells all the cultural things that discriminate against straight men and gay men every where they go but especially on the job

Straight Man Gay Danny Culpepper, 2011-07-01 What would you do if true love showed up in the wrong package and knocked your socks off American actor John Kaiser lives in London where he s found fame as a television celebrity and theatrical star He unwittingly falls in love with Brian Mallory a reclusive Scottish millionaire who takes refuge in his London penthouse once a year to conduct business Brian sees John as a shy nervous and clumsy new friend but John hopes they ll be much more than just friends until he learns of a love rival curvaceous blonde and sexy Carol Lexington He s devastated when he realizes he can t compete with this beautiful woman Or can he And even if he could win Brian s love what other forces would lie in wait to tear them apart From the ritzy charity galas of London s elite to an English countryside manor and a stunning riverfront luxury penthouse this love story takes you on a journey of humor happiness pain jealousy and shocking betrayal Filled with quirky best friends catastrophic events and undying love and devotion it s the story of a straight man who falls in love with a gay man who did everything wrong and still got everything right **Straight Man Gay** does what *Giovanni s Room* and *Brokeback Mountain* couldn t It takes the shame out of being gay and in love

Gay Relationships John P. De Cecco, 1988 A book certain to appeal to many readers Experts discuss the intricacies of maintaining a positive affirming relationship Entire sections of this large and impressive 300 page anthology cover the gamut of gay relationships including what can go right or what can go wrong where to look for lovers what it takes to maintain a gay relationship how to solve problems in a relationship difficulties in role expectations depression excessive drinking and much more

Tilting the Tower Linda Garber, 2023-02-24 First published in 1994 *Tilting the Tower* explores the status of lesbians and lesbian studies in the high school and university classroom and in the academy Bringing together high school

teachers community college and four year university professors graduate students and tenured programme directors the volume documents the voices personal experiences teaching strategies and activist efforts to diversify the curriculum the classroom and the campus This book will be of interest to students and teachers of pedagogy sexuality studies and gender studies

Anything but Straight Wayne Besen, 2012-07-26 The real story behind ex gay ministries and reparative therapy Nationally known activist Wayne Besen spent four years examining the phenomenon of ex gay ministries and reparative therapies interviewing leaders attending conferences and visiting ministries undercover as he accumulated hundreds of hours of research The result is Anything but Straight Unmasking the Scandals and Lies Behind the Ex Gay Myth a groundbreaking expos of the controversial movement that is revered by independent religious groups and reviled by gay and lesbian organizations The book presents a historical perspective on the dispute examining ex gay groups such as Love In Action Exodus International Homosexuals Anonymous and profiling a cast of characters that includes Pat Robertson the Rev Jerry Falwell ex gay poster boy John Paulk National Association of Research and Therapy of Homosexuality activist Richard Cohen and psychiatrist Dr Robert Spitzer An in depth well researched and historically significant account Anything but Straight is full of startling facts and alarming surprises The original content and novel material in the book includes a first ever comprehensive history of the ex gay ministries and reparative therapy the inside story of the night the author photographed ex gay poster boy John Paulk inside a gay bar the author's discovery that Anne Paulk lied about being a lesbian and has admitted to having a strong attraction to men BEFORE she became ex gay previously undisclosed bizarre techniques used by the ex gay ministries and reparative therapists the author's exclusive in depth interviews with leading ex gay leaders they disclose their deepest secrets hidden desires and true motivations an extraordinary new study that shows that most ex gay leaders have suffered from substance abuse or severe emotional problems while many ex gay leaders claim they were unhappy being gay this report helps prove that their dissatisfactions came not from their homosexuality but from poor life choices and irresponsible behavior new revelations that one of the nation's leading reparative therapists hailed from a secretive cult that was scandalized for practicing nude therapy From the author Through my extensive experience I have learned that the extraordinary claims made by the ex gay groups are without merit and the efficacy of their programs is dubious at best and harmful at worst One frequent question I get is Why can't gay activists simply leave ex gay groups alone and let them go about their business This is exactly what happened for nearly three decades while ex gay groups labored in near anonymity But all this recently changed when the ex gay groups intricately aligned themselves with the anti gay political agenda of the Religious Right With ex gays added to their arsenal the Right could disingenuously claim to love gay people and offer them hope for change while simultaneously fighting for punitive legislation Their insidious message Since gays and lesbians can change there is no need for laws that protect them against arbitrary prejudice Anything but Straight Unmasking the Scandals and Lies Behind the Ex Gay Myth is an essential read for activists on both sides of the ex gay fence

family members of gays and lesbians Gay Bisexual Lesbian and Transgender church members psychiatric and social science professionals and anyone who has dealt with coming out issues An appendix of resources and a helpful bibliography make it easy to find additional information on this fascinating topic Mapping the Monosexual Imaginary Lain A.B.

Mathers,2024-05-29 Even though they are the largest sexual minority group in the United States the lives joys and struggles of bi people as well as the social structure of monosexism are regularly overlooked in social scientific research and broader conversations about sexuality and gender Mapping the Monosexual Imaginary interrupts this pattern of erasure by providing readers with a sociological examination of sexualities in society that places bi people and monosexism at the center of analysis Through exploring bi peoples experiences navigating identity community and politics Lain Mathers argues that to understand and challenge gender and sexual inequalities we must first recognize and interrogate the structure of monosexism At a time when attacks on LGBTQ people are increasing this book offers an incisive examination of how an often overlooked group within the LGBTQ community makes sense of their place in the world and what we can learn from attending to the specific issues that bi people face in society Still Straight Tony Silva,2021-03-23 Why some straight men have sex with other men Why do some straight men in rural America have sex with other men In Still Straight Tony Silva convincingly argues that these men many of whom enjoy hunting fishing and shooting guns are not gay bisexual or just experimenting As he shows these men can enjoy a range of relationships with other men from hookups to sexual friendships to secretive loving partnerships all while strongly identifying with straight culture Drawing on riveting interviews with straight white men who live in rural America Silva explores the fascinating and unexpected disconnect between sexual behavior and identity Some use sex with men to bond with other men in an acceptably masculine way some are not particularly attracted to men but are wary of emotional attachment with women and others view sex with men as opposed to women as a more acceptable form of extramarital sexual behavior Taking us inside the lives of straight white men who have sex with other men Still Straight shows us that heterosexuality in rural America is not always in fact what it seems

Sexuality Katherine Johnson, 2015-01-12 The contemporary study of sexuality too often finds itself at an impasse conceptualizing sexuality either psychologically or sociologically sexologists and psychologists have tended to point to the biological origins of sexuality underpinned by hormones drives and most recently genetics in contrast historians and sociologists point to the social field as the defining force that shapes the meanings given to sexuality and sexual experience Confronting the limitations and challenges this impasse poses Katherine Johnson argues for a psychosocial approach that rethinks the relationship between psychic and social realms in the field of sexuality without reducing it to either Weaving through an expanse of theoretical and empirical examples drawn from sociology psychology queer and cultural studies she produces an innovative transdisciplinary perspective on sexual identities subjectivities and politics that makes an original contribution to key debates ranging from identity politics and gay marriage to mental health risks and queer youth suicide Embracing ideas from developmental psychology social constructionist sociology social and critical psychology psychoanalysis and queer theory this original book will be necessary reading for students and scholars of sexuality across the social sciences

Gay TV and Straight America Ron Becker, 2006-02-02 After decades of silence on the subject of homosexuality television in the 1990s saw a striking increase in programming that incorporated and in many cases centered on gay material In shows including Friends Seinfeld Party of Five Homicide Suddenly Susan The Commish Ellen Will Grace and others gay characters were introduced references to homosexuality became commonplace and issues of gay and lesbian relationships were explored often in explicit detail In Gay TV and Straight America Ron Becker draws on a wide range of political and cultural indicators to explain this sudden upsurge of gay material on prime time network television Bringing together analysis of relevant Supreme Court rulings media coverage of gay rights battles debates about multiculturalism concerns over political correctness and much more Becker's assessment helps us understand how and why televised gayness was constructed by a specific culture of tastemakers during the decade On one hand the evidence points to network business strategies that embraced gay material as a valuable tool for targeting a quality audience of well educated upscale adults looking for something edgy to watch But Becker also argues that the increase of gay material in the public eye creates growing mainstream anxiety in reaction to the seemingly civil public conversation about equal rights In today's cultural climate where controversies rage over issues of gay marriage yet millions of viewers tune in weekly to programs like *Queer Eye for the Straight Guy* this book offers valuable insight to the complex condition of America's sexual politics

Conversations about Psychology and Sexual Orientation Janis S. Bohan, Glenda M. Russell, 1999-08-01 Psychology's approach to sexual orientation has long had its foundation in essentialism which undergirds psychological theory and research as well as clinical practice and applications of psychology to public policy issues It is only recently that psychology

as a discipline has begun to entertain social constructivism as an alternative approach Based on the belief that thoughtful dialogue can engender positive change *Conversations about Psychology and Sexual Orientation* explores the implications for psychology of both essentialist and social constructionist understandings of sexual orientation The book opens with an introduction presenting basic theoretical frameworks followed by three application sections dealing with clinical practice research and theory and public policy In each the discussion takes the form of a conversation as the authors first consider essentialist and constructionist approaches to the topic at hand These thoughts in turn are followed by responses from distinguished scholars chosen for their expertise in a particular area By providing an array of comments and thoughtful responses to topics surrounding psychology's approaches to sexual orientation this valuable study sheds new light on the contrasting views held in the field and the ways in which essentialist and constructionist understandings may be applied to specific practices and policies

Completeness and Reduction in Algebraic Complexity Theory Peter Bürgisser, 2013-03-14 One of the most important and successful theories in computational complexity is that of NP completeness This discrete theory is based on the Turing machine model and achieves a classification of discrete computational problems according to their algorithmic difficulty Turing machines formalize algorithms which operate on finite strings of symbols over a finite alphabet By contrast in algebraic models of computation the basic computational step is an arithmetic operation or comparison of elements of a fixed field for instance of real numbers Hereby one assumes exact arithmetic In 1989 Blum Shub and Smale [12] combined existing algebraic models of computation with the concept of uniformity and developed a theory of NP completeness over the reals BSS model Their paper created a renewed interest in the field of algebraic complexity and initiated new research directions The ultimate goal of the BSS model and its future extensions is to unite classical discrete complexity theory with numerical analysis and thus to provide a deeper foundation of scientific computation of [11] [101] Already ten years before the BSS paper Valiant [107] [110] had proposed an analogue of the theory of NP completeness in an entirely algebraic framework in connection with his famous hardness result for the permanent [108] While the part of his theory based on the Turing approach P completeness is now standard and well known among the theoretical computer science community his algebraic completeness result for the permanents received much less attention

Playing It Straight Milton E. Ford, 2009-09-11 *Playing It Straight* Gay Men and Heterosexual Marriage Milton E Ford The words gay men and straight marriage raise many questions Why would a man who knows he's gay marry a woman Can a man discover he's gay after he marries What is life like for a gay man in a marriage to a woman Why having married would he get divorced Why might he remain married And what is the role of society particularly religion in this experience *Playing It Straight* answers these and many other questions by examining common themes that emerge from interviews with men from many areas of the United States who are gay or predominantly gay and who married women In face to face taped interviews the men talk about the way they see themselves now what their childhood and teen years were

like their experiences leading up to marriage what the marriages were like and how those marriages are continuing or how they ended The book looks at where the men are now and the meaning they now make of their marriages to women The topical arrangement of the book makes it a valuable resource for anyone interested in a deeper understanding of the realities that often emerge for a gay man when he marries a woman

Gay-Straight Alliances and Associations among Youth in Schools Cris Mayo, 2017-04-07 This book examines the formation of Gay Straight Alliances GSAs formal and informal in public schools These associations provide us with a way to think about intersectionality and tense encounters as spaces of possibility for new kinds of action new kinds of learning and newly emergent subjectivities While such groups are not without problems they enable a consideration of desire for connection across sexualities genders races and knowledge By examining subjectivity as a process of negotiation across and within differences in a particular institutional context the traces of exclusions and gaps in these processes of identification become evident New formations bear the imprint of exclusions that precede them but also work to fracture divisions to push at intersections among subject positions and explore desires for connection and change

The Advocate, 2005-11-22 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States Gay, Straight, and the Reason why Simon LeVay, 2017 What causes a child to grow up gay or straight Neuroscientist Simon LeVay summarizes a wealth of scientific evidence that points to one inescapable conclusion Sexual orientation results primarily from an interaction between genes sex hormones and the cells of the developing body and brain LeVay takes the reader on a whirlwind tour of laboratories that specialize in genetics endocrinology neuroscience cognitive psychology evolutionary psychology and family demographics He describes for instance how researchers have manipulated the sex hormone levels of animals during development causing them to mate preferentially with animals of their own gender In this second edition LeVay adds a chapter on bisexuality reviews some uncommon forms of sexuality and considers whether there could be a biological basis for subtypes of gay people such as butch and femme lesbians

Gay Husbands/Straight Wives Bonnie Kaye, 2003 Snow is streaming from the sky as a short yellow school bus pulls up to a red brick building that is well on the plus side of fifty years old A young girl approximately ten years old exits the bus through an open window and runs down the pathway to the building She hurls herself into the school and within a few feet finds her classroom The ceiling of the class is gnarled with enormous steam pipes anywhere from two to twelve inches in diameter The pipes are already at work grunting and hissing their way to heating the class The girl grabs a pair of scissors and opens them at her throat I ll kill myself now if you don t sing a song from South Pacific The kid s eyes are wild and her greasy hair is matted to her forehead I begin to hum a few bars of Happy Talk as I calmly take the scissors from her hands She quiets down almost immediately I help her take off her thin coat and note that her feet do not have socks on them Class has started on a Monday morning in an upstate New York public school Pipe Dreams One Teacher s Journey is a nonfiction memoir of an eight year journey teaching emotionally
