**The Prayers and Tears of Jacques Derrida** John D. Caputo, 1997-09-22 Caputo's book is riveting A singular achievement of stylistic brio and impeccable scholarship it breaks new ground in making a powerful case for treating Derrida as homo religiosus There can be no mistaking the importance of Caputo's work Edith Wyschogrod No one interested in Derrida in Caputo or in the larger question of postmodernism and religion can afford to ignore this pathbreaking study Taking full advantage of the most recent and least discussed writings of Derrida it offers a careful and comprehensive account of the religious dimension of Derrida's thought Merold Westphal

*The Lighted Way* Edward Phillips Oppenheim, 1912      *Kafka and the Universal* Arthur

Cools,Vivian Liska,2016-07-25 Kafka s work has been attributed a universal significance and is often regarded as the ultimate witness of the human condition in the twentieth century Yet his work is also considered paradigmatic for the expression of the singular that cannot be subsumed under any generalization This paradox engenders questions not only concerning the meaning of the universal as it manifests itself in and is transformed by Kafka s writings but also about the expression of the singular in literary fiction as it challenges the opposition between the universal and the singular The contributions in this volume approach these questions from a variety of perspectives They are structured according to the following issues ambiguity as a tool of deconstructing the pre established philosophical meanings of the universal the concept of the law as a major symbol for the universal meaning of Kafka s writings the presence of animals in Kafka s texts the modernist mode of writing as challenge of philosophical concepts of the universal and the meaning and relevance of the universal in contemporary Kafka reception This volume examines central aspects of the interplay between philosophy and literature

*Life Like This* James Carson,2015-08-13 Isaac is a teenager living in a beautiful place called Charlottesville with his older sister Gwyn and his mother Sophia He is an introverted person who is very reserved when it comes to everyone but he s looking for the one to show who he really is Like everyone else he experiences what it is like to lose the one he thought was the love of his life not knowing that it was a lesson in life and that it was redirecting him down the correct path Anna is new to Charlottesville She recently moved there from England with her father With no friends or really any idea which direction her school is in she and Isaac bump into each other and just like that they become friends almost like they have known each their whole lives And as time goes on they become closer and closer and along the way they make new and interesting friends Unfortunately not everything is perfect in life Horrible things happen You can make enemies even if you are the nicest person as many people out there just love conflict Will Isaac and Anna live a beautiful life the way that they both dreamed of along with new friends Or will this dream of a beautiful life end up a nightmare resulting in broken hearts Only the strength of their love and the love of their families and friends will help them through the journey that we call life

**The Beam Episode 1: A FREE Sci-Fi Cyberpunk Technothriller** Johnny B. Truant,Sean Platt,2024-07-26 This first episode is a FREE series starter for the sci fi world of The Beam a dystopian technothriller full of intrigue and conspiracies and the unseen perils of our hyperconnected world This chilling intricately plotted cyberpunk series is set in a futuristic dystopia where politics and technology have widened the gap between haves and have nots and where power means everything All of humanity is connected to The Beam and to the lie In the year 2097 the only stable nation is the North American Union a cyberpunk world exploding with new technologies and ruled by two political parties The NAU allows people to choose either the Enterprise Party sink or swim effort and luck determine whether members prosper or starve or the Directorate where members are guaranteed safety but can never rise above their station And above it all is The Beam an AI built computer network that serves every whim and connects citizens through implants and biological add ons The Beam

anticipates every need and has created a world within the world It permeates everything And is everywhere But the NAU s power is shifting New powers are making their moves while others hang in the balance Behind it all a shadowy group is pulling strings and guiding the upcoming election exactly where they want it to go The Beam is coming alive immersion is as real as reality If the NAU s power goes unchecked the actions of a shadowy few will shape the fate of millions forever This series is one of the best from these authors which is saying a lot because Sean Platt Johnny B Truant David Wright any combination of the three are by far my favorite authors The Beam is an extremely complex world with complex characters Matt Browner I d have to say this series has them all beat because all the technologies or magic if you will in this series are better developed the characters are more involved and the story lines are better woven And I m not talking about twists and turns in the plot that require suspending disbelief yeah right or leave you confused as to what happened It s pretty amazing and thought provoking Burton Kent Sci fi fans of William Gibson and Neal Stephenson will love the visionary cyberpunk world of The Beam where politics plots conspiracies and backstabbing matter as much as future itself *Congressional Record* United States. Congress,1967 *The Jewish Derrida* Gideon Ofrat,2001-06-01 A fresh look at the influential French philosopher Jacques Derrida **Citizen Sidel** Jerome Charyn,2012-04-10 DIVOn the eve of a White House run Sidel cleans up a mess in his old backyard divDIV divDIVTired of being led by weaklings the American people have fallen in love with J Michael Storm and Isaac Sidel the lawyer and the New York mayor who saved the country from the worst baseball strike in history The Democratic National Convention is at Madison Square Garden and when Storm is nominated for the presidency he s going to put the eccentric gun toting Sidel at the bottom of the ticket But before Sidel can take his shot at the White House he has a few loose ends to tie up divDIV divDIVHe s most preoccupied with a father and son detective team suspected of running a murder for hire operation that went south resulting in the father shooting his son Sidel suspects there s more to the story and until he s gotten to the bottom of it the vice presidency will have to wait div **The Northeastern Reporter** ,1888 Includes the decisions of the Supreme Courts of Massachusetts Ohio Indiana and Illinois and Court of Appeals of New York May July 1891 Mar Apr 1936 Appellate Court of Indiana Dec 1926 Feb 1927 Mar Apr 1936 Courts of Appeals of Ohio **Against Abstraction** Alberto Moreiras,2020-01-10 In 2015 members of the philosophy department at the University of Madrid conducted an interview with Alberto Moreiras for the university s digital archive The resulting dialogues and the Spanish edition of this work *Marranismo e inscripci n o el abandono de la conciencia desdichada* are the basis for *Against Abstraction* supplemented with an interview conducted for the Chilean journal *Papel m quina* In these landmark conversations Moreiras describes how though he was initially committed to Latin American literary studies he eventually transitioned to become an eminent scholar of critical theory existential philosophy and ultimately infrapolitics and posthegemony Blending intellectual autobiography with a survey of Hispanism as practiced in universities in the United States including the schisms in Latin American subaltern studies that eventually led to Moreiras s departure from Duke

University these narratives read like a picaresque and a polemic on the symbolic power of scholars Drawing on the concept of marranism originally a term for Iberian Jews and Muslims forced to convert to Christianity during the Middle Ages to consider the situations and allegiances he has navigated over the years Moreiras has produced a multifaceted self portrait that will surely spark further discourse

**Literature Suspends Death** Chris Danta, 2011-09-29 This is the first book length study of how three important European thinkers Kierkegaard Kafka and Blanchot use the Binding of Isaac to illuminate the sacrificial situation of the literary writer Danta shows that literature plays a vital and heretical role in these three writers highly idiosyncratic accounts of the Akedah His claim is twofold firstly that all three authors choose to respond to the Genesis narrative by manifesting literature and secondly that each heretically endows literature or fiction with the power to suspend the sacrifice Abraham's near sacrifice of Isaac is traditionally read as the story of faith in action But what does it mean to play the game of not quite belief with the story of religious faith By examining the literary and heretical treatments of Isaac's sacrifice in the work of Kierkegaard Kafka and Blanchot this book develops an original account of literature as a form of sacrificial thinking For each writing acts like God's sacrificial demand of Abraham to suspend the writer's usual relation to his daily and earthly responsibilities

**Thoughts of Love** Fiona Peters, Gary Peters, 2013-07-29 Perhaps because love is a feeling rather than a thought there is a serious shortage of thinking on love available for the increasing number of students studying on courses devoted to the subject This volume aims to address this lack providing a much needed resource that will support and enliven research across a wide range of disciplines The essays collected here have been contributed by both established and emerging international scholars in the field and are drawn from a variety of subject areas including continental philosophy ethics critical theory psychoanalysis feminist theory post colonial theory literary theory and personal memoir Addressing a varied but overlapping set of concerns that speak of desire friendship obsession destructiveness sympathy and loss the writers here bring a shared commitment to the theme of love in the face of its denial and destruction in so many quarters so much of the time In such dark times it is work such as this that perhaps can restore our faith in the power of thinking This volume will be of interest to undergraduate and postgraduate students as well as researchers in the field but most of all is intended for all readers whether specialist or non specialist who wish to give some serious thought to the most human of human feelings love
