

## Kronos 4500 Data Collection Terminal Options

### KEY BENEFITS

- Options for external bar-code and proximity badge readers.
- Simple gate access to allows door control.
- Alphanumeric keypad suitable for complex transactions.
- Battery backup to keep operations running during power outage.

### Secure, integrated labor data capture with options to meet every workplace need

The Kronos 4500™ badge terminal and Kronos 4500 Touch ID™ terminal offer your organization a reliable and accurate method for collecting employee time and attendance data. These automated, easy-to-use badge terminals are fully integrated with the Workforce Central™ suite to help you control the costs of managing employee time and attendance, minimize compliance risk, and improve workforce productivity. Kronos badge terminals provide a variety of flexible options, allowing you to select the precise capabilities that are needed for your environment so that you can get maximum value from the Kronos 4500 badge terminal.

#### External Badge Readers

For large, dispersed work environments, you can improve employee productivity with external badge readers. Whether you'd like to minimize employee walk time, automate door opening (in conjunction with a universal relay), control terminal traffic, or provide multiple locations for employees to punch in and out, external badge readers allow employees to easily access their work areas. You can choose between bar code readers, which allow badges to slide easily through the reader slot, and proximity readers, which offer increased speed and convenience.

The readers work with your corporate proximity badges and can be configured to perform a single standard transaction. The Kronos 4500 terminal supports external badge readers supplied by Kronos. The two Kronos external readers consist of the HID ProxPro Reader kit and the HID MiniProx Reader kit.

#### External Readerless Kit

This kit allows you to operate HID readers used with Series 400 terminals or non-HID proximity readers from third-party vendors with the Kronos 4500 terminal. The kit is also used if you need to connect HID ProxPro or MiniProx readers, as well as contactless NFARE and iCLASS smart card readers, to a Kronos 4500 terminal.

#### External Bar Code Reader
