Chaillé-Long,1876 The Naked Gaze Carlos Rojas,2020-03-17 This is a study of visuality in early modern and modern China Its focus however is not so much on imagery per se but rather on how vision itself has been conceived imagined and deployed in a variety of discursive contexts Of particular interest is how these discourses of vision have been used to articulate issues of gender and desire and specifically processes of gendered subject formation Through detailed readings of narrative works by eight authors of the nineteenth and twentieth centuries ranging from the canonical to the popular to the esoteric the study identifies three distinct constellations of visual concerns corresponding to the late imperial mid twentieth century and contemporary periods respectively At the same time however it argues that those historical periodizations themselves do not reflect a smooth unidirectional temporal movement rather they are the result of a complex process of retrospection and anticipatory projection The goal of this volume is to use a focus on tropes of visuality and gender to reflect on shifting understandings of the significance of Chineseness modernity and Chinese modernity No Longer Naked and

Selected Letters 1945-1946 (LOA #364) Norman Mailer,2023-01-10 A landmark in the modern literature of war by a still controversial literary icon Includes a selection of letters nine never before published that reveal the real life roots of one of the greatest American debut novels of the last century Nearly universally praised upon publication as an achievement inviting comparison with Tolstoy and Hemingway Norman Mailer s The Naked and the Dead is not just a monumental war novel but also a devastating antiwar novel exposing the primal nature of power through the interplay of a platoon of soldiers on an impossible and ultimately pointless mission on an obscure island in the Pacific during World War II Written just after the war ended in the early days of the emerging Cold War the novel daringly engages with the authoritarian impulses in the American character To celebrate and commemorate the centennial of Mailer s birth and the 75th anniversary of the publication of his unforgettable debut novel this expanded collector s edition includes a selection of 23 letters all but four from Mailer to his first wife Beatrice chosen by Mailer biographer J Michael Lennon that reveals the keen insight and powerful ambition of a brilliant young writer grappling with the challenge of converting the weight of experience into art

The Naked Neanderthal Ludovic Slimak,2024-02-06 A riveting scientific journey exploring the enigma of the

Neanderthal and the species unique form of intelligence What do we really know about our cousins the Neanderthals For over a century we saw Neanderthals as inferior to Homo Sapiens More recently the pendulum swung the other way and they are generally seen as our relatives not quite human but similar enough and still not equal Now thanks to an ongoing revolution in palaeoanthropology in which he has played a key part Ludovic Slimak shows us that they are something altogether different and they should be understood on their own terms rather than by comparing them to ourselves As he reveals in this stunning book the Neanderthals had their own history their own rituals their own customs Their own intelligence very different from ours Slimak has travelled around the world for the past thirty years to uncover who the Neanderthals really were A modern day Indiana Jones he takes us on a fascinating archaeological investigation from the Arctic Circle to the deep Mediterranean forests he traces the steps of these enigmatic creatures working to decipher their real stories through every single detail they left behind A thought provoking adventure story written with wit and verve The Naked Neanderthal shifts our understanding of deep history and in the process reveals just how much we have yet to learn
