Digital Pricing Frank Frohmann,2023-03-03 This is one of the first books to combine the current megatrend of digitalization and pricing as the most effective lever for increasing and sustaining profits The book presents the basics of digital pricing as well as modeling methods and implementation examples This structure helps in tackling the latest developments and challenges due to digitalization Readers will gain a detailed insight into using innovative revenue and price models to generate a sustainable competitive advantage for their companies The author uses his cross industry experience to draw on several examples of innovative digital pricing approaches which can be applied in industrial sectors such as automotive industrial goods and machinery as well as service sectors like telecommunications transportation and tourism *The Frood* Jem Roberts,2014-09-25 As a wise ape once observed space is big vastly hugely mind bogglingly so However if you look too closely at space it becomes nothing but lumps of rock and sundry gases Sometimes it s necessary to take a step back and let a few billion years go by before any of the true wonder and scope of the cosmos becomes apparent Similarly the late 20th century author humorist and thinker Douglas Adams was big vastly hugely and thoroughly mind bogglingly so both in physical terms and as a writer who has touched millions of readers firing up millions of cerebellums all over planet Earth for over 35 years and for nearly half of that time he hasn t even been alive It would be ridiculous to pretend that Douglas Adams s life and work has gone unexamined since his dismayingly early death at 49 but throughout the decade since the last book to tackle the subject the universes Adams created have continued to develop to beguile and expand minds and will undoubtedly do so for generations to come An all new approach to the most celebrated creation of Douglas Adams is therefore most welcome and *The Frood* tells the story of Adams s explosive but agonizingly constructed fictional universe from his initial inspirations to the posthumous sequel s and adaptations bringing together a thousand tales of life as part of the British Comedy movements of the late 70s and 80s along the way With the benefit of hindsight and much time passed friends and colleagues have been interviewed for a fresh take on the man and his works Our Private County Laurence C. Hatch,2015-01-17 5 of Mr Hatch s best selling short stories including OUR PRIVATE COUNTRY A descriptive and light hearted tale of a family of rich motherless kids and the interesting life with their creative eccentric father Childhood delights sibling disputes mischief first loves and vacation adventures abound The narrator profiles his father with loving precision and gives us a glimpse behind the fresh and considered philosophies of a great entrepreneur LYRIC FIELDS The story of a young

poet who joins an exclusive art commune developing his craft and a host of new friendships The unusual people he meets including one very unique girl alter his outlook and future CAPERNAUM The turbulent life of hard living Matthew Cosgrove and that of his respected affluent family Two Yale roomies take diverging paths in this amusing tale of moral destiny high society drama and romance FERNHILL High in the California mountains is liberated community of odd people seeking extra measures of freedom and undisburbed eccentricity Rich characters old and young with their diverse passsions and histories blend to form a culture unbound by manners deadlines and laws You are invited to meet them WOODWALK An educated man and woman meet in a city park and begin taking on condition of sharing of no names or personal facts Over a period of time they develop some trust and a rich style of communication both intellectual and in light humor The reader is given a view of their detailed conversation and occasionally serious debate all with a crisp ending www.laurencehatchpress.com published with Google Play Books

Gino Gammaldi,2019-09-11 Gino Gammaldi has a clear memory of the early beginnings of his family who migrated from Italy to Australia in the mid 1950s and has tried to portray those memories in this book in a manner that is sure to engage everyone's interest Much of the earlier parts of this book are written through the eyes of a child growing up among everything that should probably relate only to those who are adult enough to cope with such hardships temptations sorrows and disappointments But as a child these elements became a part of the simple life that was as normal as anything one could imagine But in later stages Gino also remembers all the good and fun times and he portrays these beautifully and graphically through the many characters you will encounter in the two volumes of his book He brings them to life and engages the reader simply by the humour and by the special qualities that each one of these characters magnifies and how all of these experiences impacted on his own life **Encyclopedia of the British Novel** Virginia Brackett,Victoria Gaydosik,2015-04-22 Praise for the print edition comprehensive Recommended
