Gce O Level Brunei Malay Paper:

Engaging Modern Brunei Hannah Ming Yit Ho, David Deterding, 2021-02-26 This book explores issues shaping and defining modern Bruneian identity. It addresses the research gap regarding Brunei studies in terms of the language, literature and culture of Brunei, which with its bilingual education is uniquely positioned at the intersection of the Malay and western worlds. The book analyses the linguistic, literary and cultural modes that provide the backdrop for modern day instantiations of local identity as expressed through printed and online materials, film, art and social practices. It compares Brunei English and Brunei Malay in the context of the literature and culture of Brunei. Readers will find it useful as an essential resource for academic scholars, university students and others interested in the study of Brunei Darussalam's language, literature and culture. It provides critical insights from an insiders' perspective into the local identity of the culturally diverse Bruneian society.

Charting an Asian Trajectory for Literacy Education Su Li Chong, 2021-03-14 Weaving outwards from a centripetal force of biographical stances, this book presents the collective perspectives of literacy researchers from Brunei, China, Hong Kong, Malaysia, Singapore, the Philippines and Taiwan. It represents the first all-Asian initiative to showcase the region's post-colonial multilingual and multicultural narratives of literacy education. This book provides a much-needed platform that initiates important conversations about literacy as a sociocultural practice in a region that is both challenged and shaped by sociocultural influence unique to Asia's historical and geopolitical trajectory. Driven by the authors' lived experiences of becoming literate as well as their empirical research work in later years, each chapter brings decades of biographical narratives and collective empirical research findings to bear. Within the book are negotiations about literacy across and within home and school contexts, transactions of literature, text and reader and considerations of the literacy policy practice.
