All service parts should be obtained from or ordered through your Gehl dealer. Give complete information when ordering service parts. The model number and serial number should always be given. Numbers for this unit are stamped on a plate located near motor top at the left side door. Service literature is upon request in a handy manual for quick reference.

"Right" and "Left" are determined from a position standing at the rear of the unit looking toward direction of travel. From this position, the Picking is on the Front and rear doors open from the Rear. "Front" is the leading side and "Rear" is the trailing side when the tractor is traveling forward.

Gehl Company reserves the right to make changes or improvements in the design or construction of any part without lowering the intelligence or sound safe design or without previously advised.
