**Silent Strategists** Manley Rutherford Irwin, 2008 This book argues that President Warren Harding and his secretary of  
navy Edwin Denby exercised unusual foresight in preparing the navy for a war against Japan This revised edition adds new  
evidence from original documents provides invaluable details and insights into the lasting legacy of the Harding  
administration      **Naval War College** Naval War College (U.S.), 198?      **Blue & Gold and Black** Robert J.  
Schneller, 2007-12-19 During the twentieth century the U S Naval Academy evolved from a racist institution to one that  
ranked equal opportunity among its fundamental tenets This transformation was not without its social cost however and  
black midshipmen bore the brunt of it Blue Gold and Black is the history of integration of African Americans into the Naval  
Academy The book examines how civil rights advocates demands for equal opportunity shaped the Naval Academy s  
evolution Author Robert J Schneller Jr analyzes how changes in the Academy s policies and culture affected the lives of black  
midshipmen as well as how black midshipmen effected change in the Academy s policies and culture Most institutional  
history is written from the top down while most social history is written from the bottom up Based on the documentary  
record as well as on the memories of hundreds of midshipmen and naval officers Blue Gold and Black includes both  
perspectives By examining both the institution and the individual a much more accurate picture emerges of how racial  
integration occurred at the Naval Academy Schneller takes a biographical approach to social history Through written  
correspondence responses to questionnaires memoirs and oral histories African American midshipmen recount their  
experiences in their own words Rather than setting adrift their humanity and individuality in oceans of statistics Schneller  
uses their first hand recollections to provide insights into the Academy s culture that cannot be gained from official records  
Covering the Jim Crow era the civil rights movement and the empowerment of African Americans from the late 1960s  
through the end of the twentieth century Blue Gold and Black traces the transformation of an institution that produces men  
and women who lead not only the Navy but also the nation      *Breaking the Color Barrier* Robert John Schneller, 2005-04 The
