

The background of the cover is a vibrant, stylized illustration of a park scene. In the center is a large, ornate fountain with multiple tiers and water spraying upwards. The fountain is surrounded by lush greenery, including large blue and pink hydrangeas in the foreground. In the background, there are trees with long, thin, brown, icicle-like structures hanging from their branches, suggesting a winter or late autumn setting. The sky is a mix of purple and blue horizontal stripes.

With the advent of more and more open access digital resources, teachers choose from the web what they see fit for their classroom; students choose in the moment what they need for their projects and learning paths. However, educators and students often find it difficult to choose from the abundance of materials on offer as they are uncertain about their quality and beneficial use. It is clear that at a time of bouleversement of the teaching learning processes, it is crucial to understand the quality and the potentially transformative aspects of digital resources. This book provides comprehensive analyses of and insights into the transformative aspects of digital resources. The Impact of the 4th Industrial Revolution on Engineering Education Michael E.
