At the Edges of Liberalism Steven E. Aschheim, 2012-05-15 The essays in this volume seek to confront some of the charged meeting points of European especially German and Jewish history All in one way or another explore the entanglements the intertwined moments of empathy and enmity belonging and estrangement creativity and destructiveness that occurred at these junctions These encounters typically unfolded within an uneasy continuum of conflict and co operation conformity and resistance refashioning or maintaining personal and collective dimensions of identity Clearly they never allowed for the luxury of indifference Yet it would be wrong to present meetings of this kind as exclusively confrontational as stark either or choices Life at the junctions may be vulnerable and insecure but it can also yield fresh angles of perception and new opportunities If these boundary situations generated a modicum of friction confusion and anxiety and at times even murderousness they also produced new alliances and friendships creative projects and novel fusions and formations of identity In exploring these dramatic moments in history Steven Aschheim provides valuable new insights into the history of Europe Israel and global Judaism
