INTRODUCTION

Read this manual carefully to learn how to use safely and service your machine correctly. Failure to do so could result in personal injury or machine damage.

This manual should be considered a permanent part of your machine and should remain with the machine when you sell it.

This machine is of heavy design. Obvious marks in this manual are shown. Use only marks between and look at operator.

Significant and additional data are determined by being in the direction of forward travel.

When product identification numbers in the machine function section. Accurately record all the numbers to help in locating the machine should a fire occur. Your dealer may mark these numbers when you order parts. If this manual is kept on the machine, give the manufacturer's name and a secure place of the machine.

Warning is provided as part of Hitachi's support program for customers who operate and maintain their equipment as described in this manual. The warranty is outlined in the warranty certificate which you should have received from your dealer.

The warranty provides you the assurance that Hitachi will stand to produce parts before repair when the warranty period is over. In some circumstances, Hitachi also provides full replacement, other affected parts to the customer, even if the product is out of warranty. Should the equipment be altered or modified to change its performance beyond the original factory specifications, the warranty will become void and full replacement may be denied. Failure to follow these specifications or otherwise misusing machine will void the warranty.

Only qualified, experienced operators should be trained according to local law should be allowed to operate the machine. Moreover, only officially trained personnel should be allowed to inspect or service the machine.

All information, functions and specifications in this manual are based on the latest product information available at the time of publication. The right is reserved to make changes at any time without notice.
