**First Level Heading**

Unless required in the instructions, the headers should be used only in five-or-more-page papers. The introduction of an essay should end with a strong, debatable thesis statement and approximately take 10% of the required word count. Please note that student's information, title, headers, and Works Cited page are not counted towards the required word count.

The first sentence of a paragraph is always a topic sentence. It states the main idea or argument presented in the paragraph. Topic sentence should be followed by supporting information from the reliable and up-to-date sources. Avoid plagiarism using direct and indirect citations followed by an in-text citation mentioning an author's surname and a page number (Pears and Graham 1). In case a web publication contains no pagination, use an author's surname or a name of a source followed by "no page" shortening (Research Guides n.p.). Please note that a long name of a source is to be shortened in the in-text citation. Do not leave a paragraph with a citation at the end. Every paragraph should end with a transition sentence serving as a bridge between two adjacent paragraphs.
