## **How Do You Make Chicken Napoleon Answer:**

**Napoleon's Chicken Marengo** Andrew Uffindell, 2011-12-01 This remarkable work tells the story of Chicken Marengo and cuts through the tangle of myths that has sprung up around it. Supposedly created on the evening of Napoleon's victory at Marengo, the dish rapidly conquered Paris and became a renowned symbol of French haute cuisine. The author sets the dish in its context, explaining the nail-biting drama of Napoleon's Marengo campaign and the remarkable frenzy of rejoicing unleashed in Paris by the news of his victory. The author argues that the dish is part of a wider myth that Napoleon spun around the battle itself. Uncomfortably aware of just how close he had come to disaster, he rewrote the official account of Marengo. Determined to exploit the political impact of the victory to the full, he portrayed it as a masterly maneuver rather than a near defeat salvaged largely by luck. Napoleon's Chicken Marengo demonstrates the persistency of popular myth in shaping perceptions of pivotal events. Uffindell sheds startling light on Napoleon's extraordinary and yet elusive character and reveals just how effectively he spun a myth around the amount of food he ate in order to project a positive image of himself. A whole cast of other unforgettable characters enlivens the story of Chicken Marengo, from Napoleon's bickering generals to celebrity chefs, colorful adventurers, acclaimed artists, fabulously wealthy eccentrics, and famous writers such as William Makepeace Thackeray.

**Tit-bits from All the Most Interesting Books, Periodicals and Newspapers in the World**, 1881

**Legitimacy, Legal Development and Change** David K. Linnan, 2016-04-22 This book addresses critical questions about how legal development works in practice. Can law be employed to shape behavior as a form of social engineering, or must social behavior change first, relegating legal change to follow as ratification or reinforcement? And what is legal development's source of legitimacy, if not modernization? But by the same token, whose version of modernization will predominate, absent a Western monopoly on change? There are now legal development alternatives, especially from Asia, so we need a better way to ask the right questions of different approaches, primarily in non-Western Asia, Africa, the Islamic world, plus South America. Incoming waves of change like the Arab Spring lie on the horizon. Meanwhile, debates are sharpening about law's role in economic development versus democracy and governance under the rubric of the rule of law. More than a general survey of law and modernization theory and practice, this work is a timely reference for practitioners of institutional reform and a thought-provoking interdisciplinary collection of essays in an area of renewed practical and scholarly interest. The contributors are a distinguished international group of scholars and practitioners of law, development, social sciences, and religion, with extensive experience in the developing world.
