Andersson, Donald Getz, 2017-05-08 **The Value of Events** fills an important niche in the literature on events being the first
book to comprehensively deal with the subject of value creation and measurement as opposed to impact assessment and
programme evaluation Value creation and measurement is often done routinely from specific perspectives such as tourism
event management corporate marketing or customer satisfaction However there exist a number of discourses on value and
evaluation that have not yet received adequate attention including the justification of governmental intervention and the
costs and benefits of hosting major events This edited book written by an international group of academics with expertise in
the relevant fields of events tourism sport and culture offers new insight into events and their relationship to sustainability
social responsibility cultural and social value Fostering debate in the context of conceptual thinking philosophising multiple
stakeholder perspectives and interdisciplinary approaches it challenges the events industry students policy makers and
strategists with new perspectives on value with implications for impact forecasting and assessment This is a book for all
students pursuing degrees in fields where planned events are important topics while being of great interest to researchers
