includes explanations of quantum mechanics and Einstein's theory of relativity that are readable and understandable by the layperson It considers what science presently is capable of contributing to our many diverse concepts of what constitutes the self To this end The Immortal Self explores the brain its morphology and operation explores our concepts of time and looks at the metaphysical concepts of quantum physics The book also considers the paleontological and genetic evidence for the self Ideas of the self extend into the mists of human history and have been handed down through the ancient Greek philosophers and through the religious prophets and philosophers These ideas are collected and presented in an unbiased account for consideration by the reader Finally an empirical search for the self is suggested About the Author Richard E Wilde is Professor Emeritus of chemistry and biochemistry at Texas Tech University He is a member of the American Chemical Society and the American Physical Society He has published extensively in the areas of chemical physics and molecular spectroscopy He is author of The Many Faces of Jesus and co author with Surjit Singh of Statistical Mechanics Fundamentals and Modern Applications The Spirit of Tolerance in Islam Reza Shah-Kazemi, 2012-01-27 In 1932 the eminent British scholar of Islam Sir Hamilton Gibb wrote The nobility and broad tolerance of this religion Islam which accepted all the real religions of the world as God inspired will always be a glorious heritage for mankind No other society has such a record of success in uniting in an equality of status of opportunity and of endeavor so many and so various races of humanity Whither Islam Such scholarly objectivity towards the tolerance which has historically characterized the Islamic tradition as a whole is in short supply these days Through an insidious symbiosis of fanatical Muslims and prejudiced Islamophobes the very opposite image of Islam has emerged as one of the most dangerous stereotypes of our times The most cursory glance at history will not only reveal the falsity of this stereotype of an intolerant Islam it will also reveal the little known fact that not so long ago it was the Islamic world that provided models of tolerant conduct for a fanatically intolerant Christian world tearing itself apart over dogmatic differences The first part of this monograph examines the historical record of tolerance in the Islamic tradition illustrating the expression of the principle of tolerance through the rule of such dynasties as the Ottomans Mughals Fatimids and the Umayyads of Spain In the second the principle of tolerance is shown to be rooted in the spirit of the Qur anic revelation and embodied in the exemplary conduct of the Prophet Towards Building a British Islam Haifaa A. Jawad, 2011-12-08 Despite the current negative image of Islam in Europe there has been a steady growth of converts to Islam over the past few decades British converts are a highly diverse group with different social economic and educational backgrounds Recently this group has grown in confidence and become increasingly active in influencing positive Islamic discourse in Britain The book sheds light on the intellectual and spiritual contributions of some of the prominent figures of this group of new Muslims and assesses their efforts in shaping Islam in British society including Martin Lings Gai Eaton Tim Winter and Hamza Yusuf The research investigates the potential benefit new Muslims can bring to bridge the gap between Muslim communities and wider British society thus helping in the process of building mutual trust greater

cooperation and positive understanding among all parties in Britain The work will help readers to become aware of the evolution of a British Islam that is more open rooted in British values and spiritual traditions and forms a part of the continually changing British religious landscape **Engaging Islamic Traditions** Bernie Power, 2016-04-19 The Hadith have long been neglected by Christians yet they may hold the key to reaching Muslims with the good news of Jesus Christ In this ground breaking book the earliest traditions of Islam are assessed from a biblical perspective Insights into the Islamic worldview and potential springboards to Christian truth are uncovered along the way For those contextualizing the gospel to Muslim friends and colleagues this book seeks for concord and connection with Muslim thinking while maintaining a clear The Rise of Islamic Capitalism Vali Nasr, 2009-09-15 Leading authority on commitment to Jesus Christ and his gospel the Islamic world and influential advisor to the Obama administration Vali Nasr shows that the West's best hope of winning the battle against Islamic extremists is to foster the growth of a vibrant new Muslim middle class This flourishing of Muslim bourgeoisie is reshaping the mind set politics and even the religious values of Muslims in much the same way the Western bourgeoisie lead the capitalist and democratic revolution in Europe Whereas extremism has grown out of the dismal economic failures of the authoritarian Islamic regimes Nasr explains the wealth and aspirations of this Islamic critical middle put them squarely at odds with extremism They have ushered in remarkable transformations already in Dubai Turkey and Indonesia and they are the key to tipping the balance in both Iran and Pakistan As he writes the great battle for the soul of the Muslim world will be fought not over religion but over market capitalism **Insights into Sufism** Ruth J. Nicholls, Peter G. Riddell, 2020-07-31 Sufism has long constituted one of the most powerful drawcards to people embracing Islam This book considers a broad range of questions relating to Sufism including its history manifestations in various countries and communities its expression in poetry women and Sufism and expressions among popular spirituality In addition the volume challenges the long held view of Sufism as being necessarily peaceful through a consideration in one paper of Sufis engaging in violent Jihad The book works at the interface between the scholarly and the practical using rigorous methodology to ensure that its findings are reliable while also giving attention to how Sufi thinking impacts the daily lives of Sufis This represents an original and important dimension of this study given the significant role played by Sufis throughout Islamic history in enriching discussion of intellectual and charismatic questions as well as informing popular practice among Folk Muslims The Whirling Dervishes Shems Friedlander, Nezih Uzel, 1992-01-01 Sufism is the esoteric aspect of Islam Its purpose is to convey direct knowledge of the eternal The Sufis impart knowledge through lineages that go back to the Prophet Muhammud In these various Sufi orders the zikr the repetition of la illaha illa llah There is no God but God is part of initiation ceremonies In fact the method of the Sufis is zikr and the manner in which zikr is performed is the essential difference among the various orders The Dervishes repeat their zikr as they turn They empty their hearts of all but the thought of God and whirl in the ecstatic movements of His breath Anthropomorphic Depictions of God Zulfigar Ali

Shah, 2012-01-01 This monumental study examines issues of anthropomorphism in the three Abrahamic Faiths as viewed through the texts of the Hebrew Bible the New Testament and the Qur an Throughout history Christianity and Judaism have tried to make sense of God While juxtaposing the Islamic position against this the author addresses the Judeo Christian worldview and how each has chosen to framework its encounter with God to what extent this has been the result of actual scripture and to what extent the product of theological debate or church decrees of later centuries and absorption of Hellenistic philosophy Shah also examines Islam's heavily anti anthropomorphic stance and Islamic theological discourse on Tawhid as well as the Ninety Nine Names of God and what these have meant in relation to Muslim understanding of God and His attributes Describing how these became the touchstone of Muslim discourse with Judaism and Christianity he critiques theological statements and perspectives that came to dilute if not counter strict monotheism As secularism debates whether God is dead the issue of anthropomorphism has become of immense importance The quest for God especially in this day and age is partly one of intellectual longing To Shah anthropomorphic concepts and corporeal depictions of the Divine are perhaps among the leading factors of modern atheism As such he ultimately draws the conclusion that the postmodern longing for God will not be guenched by pre modern anthropomorphic and corporeal concepts of the Divine which have simply brought God down to this cosmos with a precise historical function and a specified location reducing the intellectual and spiritual force of what God is and represents causing the soul to detract from a sense of the sacred and thereby belief in Zionism's War on Judaism, Christianity, and Islam Mohamed Moussa Ghounem, 2024-11-07 Delve into the Him profound complexities of faith identity and geopolitical reality in Zionism's War on Judaism Christianity and Islam a groundbreaking exploration by Moussa Mohamed Ghounem This book offers a critical examination of how Zionism has not only reshaped Jewish identity but has also posed significant challenges to Christianity and Islam raising urgent questions about the intersection of religion and politics in the modern world From the very outset the book provides an insightful introduction into the historical roots of Zionism exploring the atheistic fears and motivations that propelled its founders Theodor Herzl Chaim Weizmann and David Ben Gurion who sought a sovereign Jewish state as a sanctuary from pervasive anti Semitism As the narrative unfolds Ghounem meticulously charts how these secular leaders diverged from traditional religious tenets arguing that the political ambitions of Zionism often clash with the core values of Judaism Christianity and Islam In Chapter 1 Ghounem outlines the significant theological shifts that have occurred as millions of Christians have converted to what he terms Israelism The author draws compelling connections between these conversions and the funding of anti Christian agendas highlighting a troubling alliance that endangers the foundational beliefs of both Christianity and Islam By documenting the extensive support these movements have garnered within the political arena he reveals how the intertwined fates of these religions and political ideologies shape contemporary conflicts in the Middle East Chapter 2 digs deep into the heart of the matter discussing how Zionism fundamentally contradicts the Jewish Bible's teachings on love

compassion and the divine mandate for justice Ghounem passionately argues that the Bible s vision of a Light to the Nations has been overshadowed by Zionist nationalism which emphasizes self preservation at the expense of others The book challenges readers to reconsider the ethical implications of modern statehood against a backdrop of historical injustices perpetrated in the name of Zionism In the subsequent chapters the author shifts focus to the implications of Christian Zionism illustrating how contemporary movements exploit biblical prophecies to promote a narrative that prioritizes Israel s political goals over Christian values of peace and compassion The rise of influential leaders like John Hagee and organizations such as Christians United for Israel is scrutinized for their roles in perpetuating this ideology often at the cost of ethical and moral integrity Ghounem's analysis culminates in a powerful conclusion that calls for a reevaluation of faith and identity in a world fraught with division and conflict He implores readers to seek unity across faiths advocating for a collective embrace of the true spirit of their respective traditions one that transcends political boundaries and promotes justice compassion and understanding This book serves not only as an expos of the conflicts between Zionism and the core tenets of Judaism Christianity and Islam but also as a clarion call for interfaith dialogue and reconciliation Zionism's War on Judaism Christianity and Islam is essential reading for anyone seeking to comprehend the intricate tapestry of religious beliefs and political realities that define our world today Whether you are a scholar a practitioner of faith or a concerned global citizen Ghounem's compelling narrative will inspire you to reflect deeply on the role of religion in shaping human destiny Join the conversation and uncover the truths that challenge our understanding of faith power and humanity
