College Student Leadership Development Valerie I. Sessa, 2017-03-27 College Student Leadership Development introduces the idea that we all play a part in producing leadership and that learning how to participate in the process of leadership is something that all college students need to learn as part of their college academic experience Rather than approaching leadership from the traditional model emphasizing specific skill sets this book acquaints students with how to learn leadership using the ReAChS model of leadership development Reflection Assessment Challenge Support It then encourages students to directly engage their own experiences to hone their leader identity and

understanding of leadership as well as improve their leadership knowledge and skills Step by step exercises lead students in reflecting on their experiences assessing themselves choosing challenges creating support networks and finally capturing and communicating to others what they have learned Throughout examples of student leaders experiences provide readers with powerful examples of others successes and struggles in leadership alongside the latest psychological research on learning and development

Self-management and Leadership Development Mitchell Grant Rothstein,Ronald J. Burke,2010-01-01 This book is based on a really important timely and relevant idea to bring together sources on the self management of leadership development The book is important because almost all leadership development relies to a great degree on the leader s capability to manage his or her personal development It is timely because there is currently no single volume that covers the topic and it is relevant because leadership is such an extremely important issue for the success of our organizations countries and society in general The editors have done a thoroughly professional job in identifying top quality authors and combining their contributions into a very worthwhile volume Ivan Robertson University of Leeds UK Self Management and Leadership Development offers a unique perspective on how leaders and aspiring leaders can and should take personal responsibility for their own development This distinguished book is differentiated from other books on this topic with its view on the instrumental role played by individuals in managing their own development rather than depending on others such as their organization to guide them Expert scholars in the area of leadership emphasize the importance of self awareness as the critical starting point in the process Explicit recommendations are provided on how individuals can manage their own self assessment as a starting point to their development The contributors present insights and practical recommendations on how individuals can actively self manage through a number of typical leadership challenges Business school faculty teaching electives in leadership and managers who engage in leadership development for themselves or others should not be without this important resource Consulting firms and training institutions offering leadership development programs and participants in MBA and executive development programs will also find it invaluable
