Media, Crime, and Criminal Justice Ray Surette, 1992-01 The basic premise of this text is that people use knowledge obtained from the media to build a picture of the world and then base their actions on this constructed image. Media, Crime, and Criminal Justice (First Edition) James Buccellato, 2021-01-21 Media Crime and Criminal Justice: A Reader provides readers with a variety of articles that showcase examples of cutting-edge research on crime and media. The text helps students better understand how crime and media are intertwined within culture and how this unique connection influences our behaviors, attitudes, and values. Unit One provides an overview of the major conceptual tools used by media and crime scholars. Dedicated readings explore the concept of globalization to contextualize the study of crime, copycat crime, moral panic, the debate surrounding the influence of violent media content on violent behavior, and more. Unit Two examines common crime narratives in the news, media, and popular culture. Students read about the over-inflation of crime statistics, actors and institutions within the criminal justice system, and television news coverage of corporate crime. The final unit explores how political processes and media narratives combine to either deepen or hinder our democratic values. Dedicated readings speak to the political economy of media ownership, how mass media often reinforces criminal stereotypes about Black Americans, the rise in feminism in the horror genre, and more. Media Crime and Criminal Justice is ideal for courses in criminal justice, criminology, communications, cultural studies, and sociology.
