## Failure To Stop English Edition:

*Samuel Beckett's Lyric Failure* Mantra Mukim, 2025-03-06 Providing one of the first book length accounts of Samuel Beckett's poetry this work illustrates how Beckett's poetry and its failures reconfigure the lyric form Reading Beckett alongside nineteenth and twentieth century European poets such as Hölderlin Mallarmé Rimbaud Montale and Apollinaire the book situates failure in the triangulation of the lyric impulse subjectivity and the human voice Beckett in his poems employs lyric tactics that range from deixis parataxis and caesura to specific kinds of timbre resonances and punctuations These tactics situate the poetic voice in the liminal points between life and death event and non event beginning and ending and more broadly between expression and failure The book frames these liminalities under the rubric of lyric failure Moving beyond the usual comparisons with his prose and drama the study highlights failure as a generative force that structures Beckett's anti expressive poetics

*Beckett after Wittgenstein* Andre Furlani, 2015-11-30 Among the best represented authors in Samuel Beckett's library was Ludwig Wittgenstein yet the philosopher's relevance to the Nobel laureate's work is scarcely acknowledged and seldom elucidated *Beckett after Wittgenstein* is the first book to examine Beckett's formative encounters with and profound affinities to Wittgenstein's thought style and character While a number of influential critics including the philosopher Alain Badiou have discerned a transition in Beckett's work beginning in the late 1950s Furlani is the first to identify and clarify how this change occurs in conjunction with the writer's sustained engagement with Wittgenstein's thought on for example language cognition subjectivity alterity temporality belief hermeneutics logic and perception Drawing on a wealth of Beckett's archival materials much of it unpublished Furlani's study reveals the extent to which Wittgenstein fostered Beckett's views and emboldened his purposes

**Translation Studies** Wang Ning,2023-12-06 Applying the latest Western translation theories to the situation in China this  
book redefines translation from an interdisciplinary and intercultural perspective bringing intercultural semiotic translation  
into the sight of translation researchers This book systematically expounds on the cultural turn in translation studies and  
contributes to the escape of translation studies from the cage of language It focuses on discussing the deconstructive  
postmodernist and cultural translation theories that have motivated and promoted the cultural turn especially Benjamin s  
translation theory Derrida s deconstructive view of translation and postcolonial translation theory It also discusses in detail  
the theories of major international translation theorists including Hillis Miller Wolfgang Iser Edward Said Gayatri Spivak  
Homi Bhabha Andr Lefevere Susan Bassnett and Lawrence Venuti These theories are mostly based on examples from  
Western or English language texts leaving a wide gap in the discourse of the field This book seeks to fill that gap For example  
intercultural semiotic translation is defined and explained through the successful experiences of the Chinese translator Fu  
Lei The role of translation during the Chinese revolution and the relocation of Chinese culture in the global cultural  
landscape through translation are also discussed This book will be an essential read to students and scholars of translation
