Goat Farming Agroguide:

Farming Meat Goats Barbara Vincent, 2005 Goat meat is growing in popularity and is becoming an important export industry. It offers many opportunities for large and small scale farmers who need to diversify or seek alternative enterprises. This book deals specifically with the production of goats for meat and addresses all aspects of the industry that the producer is likely to encounter. It covers selecting and preparing a property, choosing the breeding stock, breeding, health care and nutrition, drought feeding, condition scoring and marketing. One of the key benefits of Farming meat goats is that it will allow farmer to produce animals to specification for targeted markets in Australia and overseas including butchers, supermarkets, restaurants, on farm live sales, sales to abattoirs that specialize in Halal kills and breeding stock either as replacements or for improved herd genetics. **Goat Farming** Alan Mowlem, 1988 Algeheel handboek **Kidding on the Goat Farm - With Information on Rearing, Breeding and Feeding Kids** Various, 2013-01-31 This book contains a classic guide to breeding and raising goats on a farm with information on rearing, feeding, common problems and ailments, selection and many other related aspects. Improving Goat Production in the Tropics C. P. Peacock,1996
Written for both livestock specialists and for development workers who have not been formally trained in animal production, this book explains the theory of goat keeping using practical step-by-step guidelines. It also takes into account the social, economic, and organizational context in which the technology has to function. [Effects of water availability on goat farming in Jordan](#) Ja'far Al-Khaza'leh,2015-05-18 A sufficient supply of good quality drinking water is essential for the health and productivity of livestock. In Jordan, goat production is an integral part of farming systems and plays a significant role for the food security of rural households. Jordan is one of the poorest countries in the world in terms of water availability, with no positive prognosis due to its susceptibility to the impacts of climate change. This study evaluates the seasonal availability, quality, accessibility, and utilization of goats' drinking water sources in different production systems of two agro-ecological zones in the Karak Governorate in southern Jordan, investigates the perception of farmers about breed differences with respect to their tolerance to water restrictions and production, and assesses the productive and economic performance of
