The Theology and Spirituality of Mary Tudor's Church William Wizeman,2017-09-29 Few areas of early modern English history have roused such passions and interpretations as the rule of Mary Tudor and her efforts to return the country to Catholicism following the reigns of her father and brother In this book Dr Wizeman explores Catholic theology and spirituality according to the religious literature printed during the reign of Mary Tudor 1553 1558 As part of the strategy to renew Catholic religion in England after the reformations under Henry VIII and Edward VI Marian theologians authors and editors produced numerous works of catechesis religious polemic devotion and sermons These writings demonstrate that the Catholicism of Marian England was not a mere insular reaction to the preceding decades of religious change nor a via media polity which eschewed important elements of traditional religion while embracing tenets of the Reformation Rather the theology and spirituality of Mary Tudor s church as well as many of its strategies for religious renewal was intimately connected to and in fact anticipated or paralleled the theology spirituality and strategies for reform embraced by Counter Reformation Catholicism especially after the promulgation of the decrees of the Council of Trent 1545 1563 After considering the recent historiography of Mary Tudor s reign the book contextualises these writings through a brief history of the Marian church and a discussion of the authors and dedicatees It then presents an analysis of the Marian writers and theologians views on revelation christology soteriology ecclesiology sacramental theology piety and eschatology Finally the study

compares the Catholic belief asserted in these works to that found in texts by English theologians printed before 1553 especially John Fisher and by contemporary theologians in Europe particularly Bartolom Carranza as well as the Tridentine catechism and the decrees and official texts of the English Reformation The British Pulpit: a Selection of Original Sermons, Delivered by Some of the Most Talented Evangelical Divines of Various Denominations ,1836 **The Literary**

The Spiritual Lives of Young African Americans Almeda Wright,2017-07-03 How do young African Americans approach their faith in God when continued violence and police brutality batters the news each day In The Spiritual Lives of Young African Americans Almeda M Wright argues that African American youth separate their everyday lives and their spirituality into mutually exclusive categories This results in a noticeable division between their experiences of systemic injustices and their religious beliefs and practices Yet Wright suggests that youth can and do teach the church and society myriad lessons through their theological reflections and actions Giving special attention to the resources of African American religious and theological traditions Wright creates a critical pedagogy for integrating spirituality into the lives of African American youth as well as confronting and navigating spiritual fragmentation and systemic injustice **Spiritual Reading** Harvey Angela Lou,2016-11-24 Spiritual Reading explores how God the Bible and the practices of reading are all connected Angela Lou Harvey investigates how the spiritual reading of the Bible takes place in our modern literate Western culture In this context a spiritual reading of the Bible is one that aims to know and love God through individual Bible reading Spiritual Reading discusses what it means to read the Bible well and looks at the role of the church as giving us guidance for reading it in this way Harvey considers these ideas vis a vis historically orientated biblical scholarship as well as reading the Bible as a classic work of Western literature With reference to the use of literature through a Christian framework in the works of C S Lewis and Alan Jacobs Harvey analyses the significance the Bible has had in shaping other literary works Drawing upon insights of theologians such as Karl Barth Henri de Lubac and Ellen F Davis Spiritual Reading suggests that a renewed understanding of faith is needed for the spiritual reading of Scripture Spiritual Reading is for the reader who wishes to gain a deeper understanding on how Scripture can better connect an individual to God **A New Old Spirituality?** Tone Stangeland Kaufman,2017-07-11 How do pastors live their spiritual lives both as private persons and as professionals How can their spirituality be characterized and understood Drawing on in depth interviews with Norwegian clergy as well as literature from the fields of Christian spirituality practical theology congregational studies and the sociology of religion this book offers a nuanced understanding of clergy spirituality Tone Stangeland Kaufman identifies three locations and sources of spiritual nurture for pastors the ministry itself vocational spirituality daily life everyday spirituality and spiritual practices located at the margins of daily life intentional spirituality The participants in this study engage in classic Christian practices yet approach them in a subjective and new way that also potentially revitalizes their spiritual lives Hence the author makes the

case that their spirituality can aptly be described as a new old spirituality The book also seeks to nuance Paul Heelas's and Linda Woodhead's Spiritual Revolution claim and thus engages in the broader spirituality vs religion discourse A New Old Spirituality is an exciting example of how qualitative empirical research can be used in creative ways to make a practical theological argument It is a book for scholars students and practitioners
