## **Gods Behaving Badly:**

**Gods Behaving Badly** Marie Phillips, 2007-12-10 In this witty and entertaining twist on Greek mythology James Urquhart the once all powerful gods find themselves scraping by in a run down London townhouse as they learn how to be human and try not to destroy the world in the process Being a Greek god is not all it once was Yes the twelve gods of Olympus are alive and well in the twenty first century but they are crammed together in a London townhouse and none too happy about it And they ve had to get day jobs Artemis as a dog walker Apollo as a TV psychic Aphrodite as a phone sex operator Dionysus as a DJ Even more disturbingly their powers are waning and even turning mortals into trees a favorite pastime of Apollo s is sapping their vital reserves of strength Soon what begins as a minor squabble between Aphrodite and Apollo escalates into an epic battle of wills Two perplexed humans Alice and Neil who are caught in the crossfire must fear not only for their own lives but for the survival of humankind Nothing less than a true act of heroism is needed but can these two decidedly ordinary people replicate the feats of the mythical heroes and save the world *Gods Behaving Badly* Marie Phillips, 2014-05-21 The 12 Greek gods of Olympus are alive and well in the 21st century but they are crammed together in a London townhouse and none too happy Two perplexed humans are caught in the crossfire and nothing less than a true act of heroism is needed from these ordinary people to save the world *Gods Behaving Badly* Pete Ward, 2011 *Gods Behaving Badly* examines the blurred boundary between popular culture and religion one that has given way to an often confounding fusion of the sacred and the profane Flipping through pages of tabloid media and looking underneath the veil of Hollywood s glamour Pete Ward exposes how in its consumer life Western society elevates celebrity to the theological and in so doing creates a new para religion Inevitably whether despised or extolled individual celebrities evoke public moral judgment creating fertile ground for theological innovation **Gods Behaving Badly** John McKie, 2023-11-02 Over the millennia there have been hundreds of mythological gods belonging to many different civilisations Only a few of them are completely virtuous and most of them indulge in some form of bad behaviour some more than others They can murder cheat trick and otherwise take revenge on both humans and deities alike Some are condemned while others escape with impunity

**Christianity and Roman Society** Gillian Clark, 2004-12-13 Early Christianity in the context of Roman society raises important questions for historians sociologists of religion and theologians alike This work explores the differing perspectives arising from a changing social and academic culture Key issues concerning early Christianity are addressed such as how early Christian accounts of pagans Jews and heretics can be challenged and the degree to which Christian groups offered support to their members and to those in need The work examines how non Christians reacted to the spectacle of martyrdom and to Christian reverence for relics Questions are also raised about why some Christians encouraged others to abandon wealth status and gender roles for extreme ascetic lifestyles and about whether Christian preachers trained in classical culture offered moral education to all or only to the social elite The interdisciplinary and thematic approach offers the

student of early Christianity a comprehensive treatment of its role and influence in Roman society      **Sharing Friendship**

John B. Thomson, 2016-03-03 Sharing Friendship represents a post liberal approach to ecclesiology and theology generated out of the history practices and traditions of the Anglican Church Drawing on the theological ethics of Stanley Hauerwas this book explores the way friendship for the stranger emerges from contextually grounded reflection and conversations with contemporary Anglican theologians within the English tradition including John Milbank Oliver O Donovan Rowan Williams Daniel Hardy and Anthony Thiselton Avoiding abstract definitions of character mission or friendship John Thomson explores how the history of the English Church reflects a theology of friendship and how discipleship in the New Testament the performance of worship and the shape of Anglican ecclesiology are congruent with such a theology The book concludes by rooting the theme of sharing friendship within the self emptying kenotic performance of Jesus mission and looks at challenges to the character of contemporary Anglican ecclesiology represented by secularization and globalization as well as by arguments over appropriate new initiatives such as Fresh Expressions      Ecopiety Sarah McFarland Taylor, 2019-11-12

Tackles a human problem we all share the fate of the earth and our role in its future Confident that your personal good deeds of environmental virtue will save the earth The stories we encounter about the environment in popular culture too often promote an imagined moral economy assuring us that tiny acts of voluntary personal piety such as recycling a coffee cup or purchasing green consumer items can offset our destructive habits No need to make any fundamental structural changes The trick is simply for the consumer to buy the right things and shop our way to a greener future It s time for a reality check Ecopiety offers an absorbing examination of the intersections of environmental sensibilities contemporary expressions of piety and devotion and American popular culture Ranging from portrayals of environmental sin and virtue such as the eco pious depiction of Christian Grey in Fifty Shades of Grey to the green capitalism found in the world of mobile device carbon sin tracking software applications to the socially conscious vegetarian vampires in True Blood the volume illuminates the work pop culture performs as both a mirror and an engine for the greening of American spiritual and ethical commitments Taylor makes the case that it is not through a framework of grim duty or obligation but through one of play and delight that we may move environmental ideals into substantive action      Classical Mythology of the Constellations Annette

**TheoMedia** Andrew Byers, 2014-08-28 The church can be uncertain of itself in our digital age Some Christians denounce the twenty first century s media culture while others embrace the latest gadgets and apps as soon as they appear Many of us are stumbling along amidst the tweets status updates podcasts and blog posts wondering if we have ventured into a realm beyond the scope of biblical wisdom Though there is such a thing as new media Andrew Byers reminds us that the actual concept of media is ancient theological and even biblical In fact there is such a thing as the media of God TheoMedia are means by which God communicates and reveals himself creation divine speech inspired writings the visual symbol of the cross and more Christians are actually called to media saturation But the media that are to most prominently saturate our lives are the media of God If God creates and uses media then Scripture provides a theological logic by which we can create and use media in the digital age This book is not an unqualified endorsement of the latest media products or a tirade against media technology Instead Byers calls us to rethink our understanding of media in terms of the media of God in the biblical story of redemption

**Restless** David J. Gillard, 2022-01-06 Why do many popular songs positively reference God if our culture is widely viewed as secular Why is it a challenge to tell the Christian story when many say they are spiritual and believe in God Why do we draw so much meaning from the popular songs we listen to And might a deeper understanding of popular music culture help us to explore the bigger stories we listen to throughout our lives such as the Christian story Primarily using Zygmunt Bauman s understanding of liquid modernity we look at the social forces that shape Western society and consider why while many are looking for authentic ontologically based stories to understand their life experiences historic providers of the big stories that shape our lives such as the church favor a different epistemological way of telling them How do these different approaches to
