To Whom It May Concern:

Gogo does not provide a user manual for the NWAP product. It is a component used within Gogo's inflight connectivity and entertainment system for use on aircraft. The installation of the component is controlled by Gogo. Please see Installation drawing that represents an installation of a NWAP into Japan Airlines 777 aircraft.

The configuration of the NWAP is controlled under Gogo's configuration management system and handled through Gogo's Software. The NWAP is protected both physically and by password to prevent any configuration changes.

Schawalder, 2014-04-01 Consumerization passengers toting their tablets laptops smartphones and e readers on planes has forced airlines to re think Should they continue to invest heavily into Inflight Entertainment IFE systems or just concentrate on offering Wi Fi and power in the cabin The goal of this research was to define the IFE offer of the future Four barriers that split the world into the three regions Europe Asia and USA in terms of IFE development were identified the cultural the commercial the technological and the legal barrier This book focuses on Europe which lags mostly behind with IFE out of these three regions For example as opposed to the US no major European airline offers inflight Wi Fi widely on its network and in contrast to leading Middle Eastern airlines none offers inflight live TV or the usage of mobile phones without

restriction like on the ground The target was to define IFE from a consumer perspective To capture the latter the author evaluated consumer satisfaction methodologies and decided to go with the Kano approach which categorizes alternatives of a product or service in this case IFE in must be attractive and indifferent elements A representative online survey revealed movies and power to be must be TV and Wi Fi to be attractive and the rest e books music games and duty free onboard to be indifferent elements of IFE The majority of people indicated that they would pay for movies and Wi Fi but not for power supply TV or other content Differently said content wise passengers only insisted in the supply of movies for the rest they expected the airline to provide Internet and power so they themselves could get the content Further sub groups were analysed people within the sample with mutual characteristics like gender travel frequency or ownership of smart devices So was music on a plane a must for women and owners of iPhones were more willing to pay for apps than others Overall country of residence travel purpose leisure or business and flight duration long vs short haul were the greatest dividers re IFE requirements

Virgin Way Richard Branson,2014-09-09 This is a book on leadership from someone who has never read a book on leadership

in his life While building the Virgin Group over the course of forty years Richard Branson has never shied away from tackling seemingly outlandish challenges that others including his own colleagues on many occasions considered sheer lunacy He has taken on giants like British Airways and won and monsters like Coca Cola and lost Now Branson gives an inside look at his strikingly different swashbuckling style of leadership Learn how fun family passion and the dying art of listening are key components to what his extended family of employees around the world has always dubbed with a wink the Virgin Way This unique perspective comes from a man who dropped out of school at sixteen suffers from dyslexia and has never worked for anyone but himself He may be famous for thinking outside the box an expression he despises but Branson asserts that you ll never have to think outside the box if you refuse to let anyone build one around you
