A History of Accident and Emergency Medicine, 1948-2004 H. Guly,2005-04-05 Accident and emergency departments are the doorway to the hospital for acutely ill and injured patients Whereas casualty departments have existed for over 150 years they were often poorly staffed and managed This book describes the fight to create a new medical specialty of accident and emergency medicine against much opposition from established specialties The specialty was first recognised in 1972 The book also charts the major developments that occurred in the first 30 years of the specialty

The Official History of the British Civil Service Rodney Lowe,2011-01-25 This first volume of the Official History of the UK Civil Service covers its evolution from the Northcote Trevelyan Report of 1854 to the first years of Mrs Thatcher s government in 1981 Despite current concerns with good governance and policy delivery little serious attention has been paid to the institution vital to both the Civil Service This Official History is designed to remedy this by placing present problems in historical context and by providing a helpful structure in which others and particularly former officials may contribute to the debate Starting with the

seminal 1854 Northcote Trevelyan Report it covers the lost opportunity of the 1940s when the Service failed to adapt the needs of big government as advocated by Beveridge and Keynes It then examines in greater detail the belated attempts at modernisation in the 1960s the Service's vilification in the 1970s and the final destruction of the old order during the first years of Mrs Thatcher's government Particular light is shed on the origins of such current concerns as the role of special advisers the need for a Prime Minister's Department the evolution of Parliamentary Select Committees to resolve the potential tension between bureaucracy and Parliamentary democracy This Official History is based on extensive research into both recently released and unreleased papers as well as interviews with leading participants It has important lessons to offer all those both inside and outside the UK seeking to improve the quality of democratic government This book will be of great interest to all students of British history British government and politics and of public administration in general

History, Performance and Conservation Barry Bridgwood, Lindsay Lennie, 2013-09-13 Ideal for students of architectural technology this volume of the Technologies of Architecture series covers the technologies available and the processes necessary for the conservation of existing buildings and environments This book provides in a single text the tools for students to be able to evaluate such buildings as well as an extensive understanding of the mechanisms which cause their deterioration and knowledge of the technologies available to correct their status The ever higher standards set for buildings especially in energy conservation contexts demand that practitioners appreciate how the performance of existing structures can be enhanced which is also covered Considering the work of conservation within a holistic perspective and historical context this book is additionally invaluable for architecture and construction students
