The New African Diaspora in the United States Toyin Falola,Adebayo Oyeade,2016-07-01 Fast growing in population African immigrants in the United States have become a significant force to the point that the idea of a new African diaspora is now a reality This thriving community has opened new arenas of scholarly discourse on Black Atlantic history beyond the trans Atlantic slave trade and its legacies This book investigates the complex dynamic forces that have shaped and continue to shape this new diaspora In eleven original essays the volume examines pertinent themes such as immigration integration dilemmas identity construction brain drain remittances expanding African religious space and how these dynamics impact and intersect with the African homeland With contributors from both sides of the Atlantic that represent a diverse range of academic disciplines this book offers a broad perspective on emerging themes in contemporary African diasporan experiences The book will be of interest to scholars and students of African and African American Studies Sociology and History

A Hidden Economy Maria Bargh,2015-11-02 The M ori economy is often defined simply by the contributions of M ori in New Zealand in the areas of farming fisheries and forestry This book explores the ways that M ori in the privatised military industry contribute in monetary and non monetary ways to the M ori economy Workers in the privatised military industry very rarely if ever give interviews about their work or details about their pay However this book includes five interviews with M ori who have worked or are still working in the privatised military industry and explores how they articulate themselves as M ori in the industry giving a glimpse at this secret world and how M ori operate in it

Rare Earth Frontiers Julie M. Klinger,2018-01-15 Rare Earth Frontiers is a work of human geography that serves to demystify the powerful elements that make possible the miniaturization of electronics green energy and medical technologies and essential telecommunications and defense systems Julie Michelle Klinger draws attention to the fact that the rare earths we rely on most are as common as copper or lead and this means the implications of their extraction are global Klinger excavates the rich historical origins and ongoing ramifications of the quest to mine rare earths in ever more impossible places Klinger writes about the devastating damage to lives and the environment caused by the exploitation of rare earths She demonstrates in human terms how scarcity myths have been conscripted into diverse geopolitical campaigns that use rare earth mining as a pretext to capture spaces that have historically fallen beyond the grasp of centralized power These include legally and logistically forbidding locations in the Amazon Greenland and Afghanistan and on the Moon Drawing on ethnographic archival and interview data gathered in local languages and offering possible solutions to the problems it documents this book examines the production of the rare earth frontier as a place a concept and a zone of contestation sacrifice and transformation

The Cashless Revolution Martin Chorzempa,2022-10-04 Financial Times Best Books of 2022 Economics The startling picture of how China s revolution in finance and technology is changing both Wall Street and the way individuals manage their personal finances The future of finance the way Wall Street operates and how individuals manage

their money is on the verge of upheaval And the force underlying the change comes from China where finance and technology are being merged into a system with consequences that resonate far beyond China's border The changes of this global revolution in finance and technology fintech will be as powerful as those wrought in social media retailing and advertising by giants such as Amazon Facebook Google and Twitter which have overturned how we shop and communicate China reinvented money with lightning speed transforming a backward antiquated cash based finance system into one centered on super apps created by technology giants Alibaba and Tencent More powerful than anything available outside of China they allow their billion users to pay borrow invest buy goods and services travel chat and far more all fused together in one mobile phone application Think Facebook Google Twitter Goldman Sachs Amazon J P Morgan Chase all rolled into one app We in the West need to understand China's cashless revolution for reasons ranging from the macroeconomic to issues of personal liberty The cutting edge of finance is now in China forcing major financial firms in the United States and the West to figure out how not to be left behind China's cashless revolution is also a harbinger of our future if we let the genie out of the bottle and allow big tech to become big finance As money goes digital and central banks around the world consider launching digital currencies we may have both immense convenience and a frightening concentration of power that could violate our privacy stifle competition increase financial risk and give big firms or the government more control over our financial lives And once this genie is out of the bottle the struggle to put it back in may be impossible **The Enlightened College**

Applicant Andrew Belasco, Dave Bergman, 2016-08-30 Deluged with messages that range from It's Ivy League or bust to It doesn't matter where you go college applicants and their families often find themselves lost adrift in a sea of information overload Finally a worthy life preserver has arrived The Enlightened College Applicant presents a no nonsense account of how students should approach the college search and admissions process Instead of providing recycled entrance statistics or anecdotal generalizations about campus life authors Belasco and Bergman incorporate cutting edge data and research to pull back the curtain on critical topics such as Whether college prestige really matters How to maximize your college admission prospects Which schools and degrees provide the best return on investment How to minimize the costs of a college education What college related skills are valued in the job market and much more Whether you are a valedictorian or a B C student this easy to read book will improve your college savvy and enable you to maximize the benefits of your higher education **Hong Kong's Global Financial Centre and China's Development** Yan-leung Cheung, Yuk-shing
