The Frugal Innovator C. Leadbeater, 2014-04-29 This insightful book looks at the phenomenon of low cost innovation and explores what we can learn from the innovators in developing nations who are making amazing technical and social advances with scarce capital and resources Charles Leadbeater shows how these methods can be applied and used wherever you are and whatever your capital From Village School to Global Brand James Tooley, 2012-06-14 Can education be run as a profitable business and still be driven by a humanitarian vision SABIS shows the answer is yes Now with 60 schools in 15 countries and over 60 000 students SABIS is a global education company committed to improving lives The book is a journey through time tracing the company from its humble origins in 1886 Mount Lebanon through the civil war to the present day It is also a journey through geographies from Kurdistan to Katrina from the first international schools in war torn northern Iraq to the first charter school to reopen after the hurricane devastated inner city New Orleans SABIS goes where other educational providers are unwilling to tread helping to rebuild lives shattered by war and natural disaster It is finally a journey through the minds of committed educators watching as they grapple with the fundamental question of how we educate young people in the virtues that have stood the test of time whilst still enabling them to be prepared for a future of unknown possibilities *Sick Schools* David V. Anderson, 2020-01-10 Who is afraid of for profit education Those who work in non profit or government owned and operated schools Many parents and other stakeholders have been made fearful by this education establishment What is more important to humans nutrition or education Nutrition is more important because it is the prerequisite for other human activities including education What organizations provide food and who pays for the food Food is provided by for profit farmers for profit processors for profit wholesalers and for profit retailers Most food is purchased with the consumers own money but a significant amount is purchased by low income individuals using food stamps Why can't education be provided similarly using education stamps We trust for profit enterprises to provide our food Why can't we trust for profit enterprises to provide K 12 education Fearmongers have frightened us and made us into gullible compliant socialists who despise commercial activities in education Go to the supermarket and ponder its marvelous array of foods and then contemplate how a for profit K 12 education sector would please and amaze its customers Hearing on Charter Schools United States.
