Slavery in American Children's Literature, 1790-2010 Paula T. Connolly, 2013-07 The first comprehensive study of slavery in children's literature. *Slavery in American Children's Literature 1790-2010* historicizes the ways generations of authors have drawn upon antebellum literature in their own recreations of slavery. Beginning with abolitionist and proslavery views in antebellum children's literature, Connolly examines how successive generations reshaped the genres of the slave narrative, abolitionist texts, and plantation novels to reflect the changing contexts of racial politics in America. As a literary history of how antebellum racial images have been re-created or revised for new generations, *Slavery in American Children's Literature* ultimately offers a record of the racial mythmaking of the United States from the nation's beginning to the present day. Free Black Communities and the Underground Railroad Cheryl Janifer LaRoche, 2013-12-30 This enlightening study employs the tools of archaeology to uncover a new historical perspective on the Underground Railroad. Unlike previous histories of the Underground Railroad which have focused on frightened fugitive slaves and their benevolent abolitionist accomplices, Cheryl LaRoche focuses instead on free African American communities, the crucial help they provided to individuals fleeing slavery, and the terrain where those flights to freedom occurred. This study foregrounds several small rural hamlets on the treacherous southern edge of the free North in Illinois, Indiana, and Ohio. LaRoche demonstrates how landscape features such as waterways, iron forges, and caves played a key role in the conduct and
