important to make sure to thoroughly socialize your Havanese with strangers children and other animals during its puppyhood Generally speaking the Havanese is easy to train intelligent loyal empathetic and affectionate The breed tends to take emotional cues from their owner the Havanese is happy and satisfied when their owner is happy and satisfied The Havanese has a love for performing as they highly desire attention The Havanese is happy to play outside and inside but generally prefers being inside with their owners and should never be left outside overnight As a whole the Havanese can happily and easily fit into any size household Before purchasing any pet it is important to understand that as a pet owner you are responsible for the care and wellbeing of your pet It is important to try and learn as much as you can about the animal you are considering to keep as a pet to make sure that your lifestyle household and financial status are suited to provide your pet with the best possible care This guide has been designed to provide you with both precise and concise information about a Havanese s basic needs to help you provide your pet with the best quality care practices This guide will give an in depth explanation on training your Havanese raising your Havanese from a puppy grooming health care and everything in between The Havanese A Complete and Comprehensive Owners Guide to Buying Owning Health Grooming Training Obedience Understanding and Caring for Your Havanese by Michael Stonewood is the perfect purchase or gift for a first time Havanese owner This guide includes sections on caring for a puppy breeding health care training the basic cost of owning a Havanese and much more This book is the second edition the first edition was published by Dog Care Professionals
