Josh Mitchell has had enough of werewolves, especially after being kidnapped by them for some stupid revenge plot that should have nothing to do with him. Josh is human, and he's not sure what these people want with him. He hopes for a rescue but doesn't expect one, especially from Brant Hollis, the handsome beta who he might have had sex with once in the barn right before Josh walked away. But Brant does come for him; he comes for Josh and rescues him even though he owes Josh nothing. Certainly no emotional feelings worthy of a dangerous rescue. But he's here now, and Josh's feelings for the man swell within him. Brant loves Josh; he has loved him since the moment he first saw him, but his mate is scared, and he's been running. Brant has every intention of taking back what's his, and he will keep Josh alive and take his mate home. No one takes what's his. A Siren Erotic Romance.
