Speak for Britain! Martin Pugh,2010-03-24 Written at a critical juncture in the history of the Labour Party Speak for

Britain is a thought provoking and highly original interpretation of the party's evolution from its trade union origins to its status as a national governing party. It charts Labour's rise to power by re-examining the impact of the First World War, the general strike of 1926, Labour's breakthrough at the 1945 general election, the influence of post-war affluence and consumerism on the fortunes and character of the party, and its revival after the defeats of the Thatcher era. Controversially, Pugh argues that Labour never entirely succeeded in becoming the party of the working class; many of its influential recruits, from Oswald Mosley to Hugh Gaitskell to Tony Blair, were from middle and upper class Conservative backgrounds and rather than converting the working class to socialism, Labour adapted itself to local and regional political cultures.

A History of American Literature: Early national literature: pt. 2. Later national literature: pt. 1, 1919 *The People's Flag and the Union Jack* Gerry Hassan, Eric Shaw, 2019-05-07 The British Labour Party has at times been a force for radical change in the UK, but one critical aspect of its makeup has been consistently misunderstood and underplayed: its Britishness. Throughout the party's history, its Britishness has been an integral part of how it has done politics, acted in government and opposition, and understood the UK and its nations and regions. *The People's Flag and the Union Jack* is the first comprehensive account of how Labour has tried to understand Britain and Britishness and to compete in a political landscape defined by conservative notions of nation, patriotism, and tradition. At a time when many of the party faithful regard national identity as a toxic subject, academics Gerry Hassan and Eric Shaw argue that Labour's Britishness and its ambiguous relationship with issues of nationalism matter more today than ever before and will continue to matter for the foreseeable future when the UK is in fundamental crisis. As debate rages about Brexit and the prospect of Scottish independence remains live, this timely intervention featuring contributions from a wealth of pioneering thinkers offers an illuminating and perceptive insight into Labour's past, present, and future.

Army History, 1989 **Mass Conservatism** Stuart Ball, Ian Holliday, 2013-10-18 The papers that comprise this volume reveal how people are intent on preserving not only their wealth but culture too. The individual contributions identify the key arguments used to coax voters whose natural sympathies might gravitate to the left to vote for the Conservative Party en masse.

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts.
