Letters from the Hittite Kingdom Harry A. Hoffner, 2009 Royal Hittite Instructions and Related Administrative Texts Jared L. Miller, 2013-10-17 Few compositions provide as much insight into the structure of the Hittite state and the nature of Hittite society as the so called Instructions While these texts may strike the modern reader as didactic the Hittites who categorized them together with state treaties understood them as contracts or obligations consisting of the king's instructions to officials such as priests and temple personnel mayors military officers border garrison commanders and palace servants They detail how and in what spirit the officials are to carry out their duties and what consequences they are to suffer for failure Also included are several examples of closely related oath impositions and oaths Collecting for the first time the entire corpus of Hittite Instructions this accessible volume presents these works in transliteration of the original texts and translation with clear and readable introductory essays references to primary and secondary sources and thorough indices Officials and Administration in the Hittite World Tayfun Bilgin, 2018-12-03 There are few studies that deal with an overall treatment of the Hittite administrative system and various other works on its offices and officials have tended to be limited in scope focusing only on certain groups or certain time periods This book provides a comprehensive investigation of the administrative organization of the Hittite state throughout its history ca 1650-1180 BCE with particular emphasis on the state offices and their officials Bringing together previous works and updating with data recovered in recent years the study presents a detailed survey of the high offices of the state a prosopographical study of about 140 high officials and a theoretical analysis of the Hittite administration in respect to factors such as hierarchy kinship and diachronical changes

A History of Ancient Near Eastern Law (2 vols) Raymond Westbrook, 2003-08-01 The first comprehensive survey of the world's oldest known legal systems this collaborative work of twenty-two scholars covers over 3,000 years of legal history of the Ancient Near East. Each of the book's chapters represents a review of the law of a particular period and region, e.g. the Egyptian Old Kingdom by a specialist in that area. Within each chapter the material is organized under standardized legal categories, e.g. constitutional law, family law, that make for easy cross-referencing. The chapters are arranged chronologically by millennium and within each millennium by the three major politico-cultural spheres of the region: Egypt, Mesopotamia, and Anatolia and the Levant. An introduction by the editor discusses the general character of Ancient Near Eastern Law.

Royal Women at Ugarit Christine Neal Thomas, 2024-09-27 This volume challenges patrimonialism as a political model for the ancient Near East by engaging with letters and legal texts concerning royal women at Late Bronze Age Ugarit, demonstrating women's pivotal roles in the exercise of power and then bringing these insights to bear on the Hebrew Bible. The book offers a new vision of how women figure in ancient political systems. Through an analysis of royal letters, legal verdicts, and regional records, it examines overt claims and implicit anxieties concerning the pivotal roles of royal women. Three case studies from Late Bronze Age Ugarit reveal that a single woman functioning in a range of modalities—mother, daughter, sister, and wife—brokered a network of relationships among a range of men. Patrimonialism depended on the political polyvalence of women. Texts from Ugarit attest to this reality, and the biblical royal women of the House of David amplify its significance. This analysis of women's activity within and among royal households is productive not only for the study of the Late Bronze Age Levant but also as a model for analogous inquiries into ancient societies and other systems in which data are thin and patrimonialism widely in evidence. *Royal Women at Ugarit* is suitable for students and scholars working on women and gender in the ancient Near East as well as those interested in the political realm of the Late Bronze Age and the intersections of biblical literature with other ancient texts.

The Hittites Damien Stone, 2023-04-19 An accessible introduction to the Bronze Age culture in Asia Minor. Famed for their warriors, the Hittites flourished in the region of modern Turkey from the seventeenth to thirteenth centuries BC. In this book, archaeologist Damien Stone explores the rich history of the Hittite civilization beyond their skill in battle, from religious reverence for the sun and storms to eclectic rock carvings which survive to this day. Stone describes the colorful succession of Hittite rulers, complete with assassinations, intrigue, and an evil stepmother, but he also parses the development of the Hittite language and considers the Hittites' legacy in religion, art, and culture today. In short, *The Hittites* is a wide-ranging, accessible introduction to this vibrant ancient culture.

The Laws of the Hittites Harry A. Hoffner Jr., 2023-08-14 The first critical edition of the Hittite laws since 1959, containing much new textual material. Presents manuscripts in the score format, distinguishing Old Hittite from later copies and based upon a fresh collation of the original tablets. The commentary examines the linguistic, jurisprudential, and cultural aspects of the laws against the background of the entire Hittite textual corpus, archaeological data, and other Ancient Near Eastern law corpora.

In addition the volume contains a concordance of the manuscripts an analysis of the palaeographic and linguistic criteria used in dating the manuscripts a glossary of words occurring in the laws identifying both law number and manuscript where each occurrence is found indexes of Hittite Sumerian and Akkadian words of ancient texts cited and of topics mentioned Photographic plates of Old Hittite copies are also included **A History of Hittite Literacy** Theo van den Hout, 2021-01-07
