

The Hobbit

Teacher's Answer Key

SWORDS

Elrond told them the swords they took from the troll cave were made by the High Elves long ago. Draw lines from the sword name in the Common Tongue to the Elvish name and its new owner.

MOON RUNES

According to Elrond, the moon runes on Thorin's map could only be read with the same kind of moon that was shining when they were written. This is what you should have translated:

Stand by the grey stone when the thrush knocks
and the setting sun with the last light of Durin's Day
will shine upon the key hole.

DURIN'S DAY AND MIDSUMMER'S DAY

Durin's Day was: (choose all that are correct)

- A. NAMED AFTER THEIR ANCESTOR DURIN**
- b. The Elves New Year **NO IT WAS THE DWARVES NEW YEAR**
- c. The first moon of summer
- D. THE LAST MOON OF AUTUMN**

MIDSUMMER'S EVE

Since they could read the runes written on Midsummer's eve, it was Midsummer's Eve when Elrond discussed the runes with them.

Midsummer's eve occurs on the summer solstice, the longest day of the year, June 21. They were uncertain when the last moon of autumn would rise, but approximately how much time did they have?
About 3 - 4 months (June 21 to October 19 for Middle Earth Historians.)

RUNE WRITING

Elrond knew the secret code that you translated last chapter. So just what are these secret runes? Tolkien didn't invent runes, the ancient Germans did. They carved them into stone, wood, or metal, which required them to be thinner than the letters you and I make with our ball point pens.

Just to get a little practice in rune writing, try carving your name into a bar of soap with a tooth pick. You can carve it in English on one side, then carve it in Middle Earth runes on the other side.
