International Journal Of Managing Projects In Business:

International Journal of Managing Projects in Business ,2010 **International Journal of Managing Projects in Business** ,2015 International Journal of Managing Projects in Business ,2010 **Organizing Cultural Projects** Nils Wahlin,2015 *Proceedings of the 25th European Conference on Knowledge Management* Dr. Nora Obermayer,Dr Andrea Bencsik, **Managing Projects in Africa** Project Management Journal,2013-01-30 This special issue of the Project Management Journal presents a collection of six articles on managing projects in Africa Providing a window into the important project activity taking place there these articles extend both the empirical and theoretical understanding of the African project context and contribute to improving practice Each article makes a unique contribution to either our understanding of the African project context or project management in general and sometimes to both After an introduction to the African project context at the start of the 21st century the articles explore three different countries as well as multinational projects for profit public sector and development aid projects infrastructure and information and communication technology project governance as well as project management and partnering challenges Project Risk Governance Dieter Fink,2016-04-15 In Project Risk Governance Dieter Fink breaks new ground in two ways Firstly he places project risk management in the context of today s organisations in which objectives are increasingly implemented through projects to better respond to fast changing markets Secondly he applies a governance perspective to examine project risk at the project and corporate levels an approach which is significantly under researched and for which theoretical knowledge and professional practice are at an early stage of maturity Project risk governance falls between corporate governance and project governance and is attracting increasing attention The author argues that there are two reasons for this The first is the projectisation of organisations in particular within organisations conforming to the Project Based Organisation PBO model The second is the prevalence of a strategic approach to managing risk for the purposes of protecting organisational values and creating competitive advantage The book addresses governance strategy value management and building enterprise wide Project Risk Governance PRG capabilities Chapters examine the role of projects in organisations and the need to integrate project and business strategy within the framework of the Project Based Organisation PRG is introduced via its links with corporate and project governance and its scope is covered in chapters that identify relevant processes structures and relationship mechanisms Contextual influences such as the professionalisation of project management are recognised and insights provided to increase readers understanding of uncertainty risk events and probabilities and of the essential requirements of managing risks at project level The final chapter provides a roadmap to the stages and dimensions of a PRG maturity model *Design Methods and Practices for Research of Project Management* Beverly Pasian,Rodney Turner,2024-05-23 Design Methods and Practices for Research of Project Management is the most comprehensive guide on how to do research on and in project management Project management as a discipline has experienced near exponential

growth in its application across the business and not for profit sectors This second edition of the authoritative reference book offers a substantial update on the first edition with over 60% new content and so provides both practitioner and student researchers with a fully up to date and complete guide to research practice on project management In Design Methods and Practices for Research of Project Management Beverly Pasian and Rodney Turner have brought together 26 original chapters from many of the leading international thinkers in project management research The collection looks at each step in the research stages including research strategy management methodology quantitative and qualitative and techniques as well as how to share and publish research findings The chapters offer an international perspective with examples from a wide range of project management applications engineering construction megaprojects high risk environments and social transformation Each chapter includes tips and exercises for the research student as well as a complete set of further references The book is the go to text for practitioners undertaking research in companies and also doctoral and master s students and their supervisors who are involved in research projects in and for universities

Managing Project Competence Rolf Medina, 2018-01-31 For companies to be successful the management of an organization needs to understand how competence evolves and how it can be utilized and linked to the organization s goals When executive managers understand this there is a higher probability that the people working in the organization will be more satisfied with their working situation Satisfaction increases because competence will likely be central in the organization with focus on motivating people to develop new competence healthy internal mobility and organizational learning Positively managing competence in most cases leads to a win win situation for the company and the individual This book describes how we as individuals as well as organizations can be efficient in the development and utilization of competence It takes two perspectives of competence and connects them in a project intensive and knowledge intensive context The first perspective is the Lemon which focuses on individual competence and the role of organizational culture The Lemon framework takes the concept of competence based on knowledge and experience and explains how a person can apply knowledge and experience to different contexts It changes the concept of competence from being static to being agile and dynamic The second perspective of competence is the Loop which models how organizations can manage not only to the benefit of organizational strategies and goals but also to an individual s future career The Lemon and the Loop are the basic tools to make competence and performance management agile and effective This book presents practical ways to acquire new knowledge and skills One method is REPI Reflection Elaboration Practicing Participation and Investigation which can be used for training coaching competence development agile performance management and much more Readers of the book are given new insight into the concept of competence and how both people and organizations can be more competitive innovative and open to learning In addition the readers get practical tools and advice on how to act in different situations to manage both organizational and individual learning Managing Project Competence The Lemon and the Loop breaks old views of looking at competence and brings competence into the knowledge

intensive age *Managing Collaborative R&D Projects* Gabriela Fernandes, Lawrence Dooley, David O'Sullivan, Asbjørn Rolstadås, 2021-03-25 Collaboration among industry universities and research institutes plays a vital role in stimulating open innovation which in turn leads to new products processes services and business models This book brings together a number of real life examples of how to govern and manage open innovation collaboration projects more effectively and provides timely insights that project consortia governance boards and funding agencies can directly apply to implement and monitor projects and achieve greater impacts All papers were written by recognized leading authorities with extensive experience in governance and management and reveal how to capitalize on the potential of open innovation This book shares multidisciplinary research perspectives on the potential benefits and challenges of collaboration project management and open innovation as well as the management of complex organizational cultures and governance models **Managing Knowledge in Project-based Organizations** Mian M.
