Drawn to the Word Amanda Dillon,2021-11-05 A unique study of lectionaries and graphic design as a site of biblical reception How artists portrayed the Bible in large canvas paintings is frequently the subject of scholarly exploration yet the presentation of biblical texts in contemporary graphic designs has been largely ignored In this book Amanda Dillon engages multimodal analysis a method of semiotic discourse to explore how visual composition texture color directionality framing angle

representations and interactions produce potential meanings for biblical graphic designs Dillon focuses on the artworks of two American graphic designers the woodcuts designed by Meinrad Craighead for the Roman Catholic Sunday Missal and Nicholas Markell's illustrations for the worship books of the Evangelical Lutheran Church in America to present the merits of multimodal analysis for biblical reception history **The Discourse of News Values** Monika Bednarek, Helen

Caple, 2017-02-07 The Discourse of News Values breaks new ground in news media research in offering the first book length treatment of the discursive construction of news values through words and images Monika Bednarek and Helen Caple combine in depth theoretical discussion with detailed empirical analysis to introduce their innovative analytical framework discursive news values analysis DNVA DNVA allows researchers to systematically investigate how reported events are sold to audiences as news made newsworthy through the semiotic resources of language and image With an interdisciplinary and multi methodological approach The Discourse of News Values analyzes authentic news discourse both language and images from around the English speaking world through three new case studies one that analyzes newsworthiness around the topic of cycling cyclists another that analyzes news values in images disseminated by news media organizations via Facebook and a third that focuses on news values in most shared news items Introducing readers to the possibilities of both DNVA and corpus assisted multimodal discourse analysis CAMDA The Discourse of News Values brings together corpus linguistics and multimodal discourse analysis in a stimulating and unique book for researchers in Linguistics Semiotics Critical Discourse Analysis and Media Journalism Studies Handbook of Communication in the Public Sphere Ruth Wodak, Veronika

Koller, 2008-08-27 As you are reading this you are finding yourself in the ubiquitous public sphere that is the Web Ubiquitous and yet not universally accessible This volume addresses this dilemma of the public sphere which is by definition open to everyone but in practice often excludes particular groups of people in particular societies at particular points in time The guiding questions for this collection of articles are therefore Who has access to the public sphere How is this access enabled or disabled Under what conditions is it granted or withheld and by whom We regard the public sphere as the nodal point for the discourses of business politics and media and this basic assumption is also reflected in the structure of the volume Each of these three macro topics comprises chapters by international scholars from a variety of disciplines and research traditions who each combine up to date overviews of the relevant literature with their own cutting edge research into aspects of different public spheres such as corporate promotional communication political rhetoric or genre features of electronic mass media The broad scope of the volume is perhaps best reflected in a comprehensive discussion of communication technologies ranging from conventional spoken and written formats such as company brochures political speeches and TV shows to emerging ones like customer chat forums political blogs and text messaging Due to the book's wide scope its interdisciplinary approach and its clear structure we are sure that whether you work in communication and media studies linguistics political science sociology or marketing you will find this handbook an invaluable guide offering state of the art literature reviews and

exciting new research in your field and adjacent areas Multimodal Literacies Across Digital Learning Contexts Maria Grazia Sindoni, Ilaria Moschini, 2021-11-29 This collection critically considers the question of how learning and teaching should be conceived understood and approached in light of the changing nature of learning scenarios and new pedagogies in this current age of multimodal digital texts practices and communities The book takes the concept of digital artifacts as being composed of multiple meaning making semiotic resources such as visuals music and design as its point of departure to explore how diverse communities interact with these tools and develop and explore their understanding of digital practices in learning contexts The first section of the volume examines different case studies in which involved participants learn to grapple with the introduction of digital tools for learning in children s early years of schooling The second section extends the focus to secondary and higher education settings as digital learning tools grow more complex as do students parents and teachers interactions with them and the subsequent need for new pedagogies to rethink these multimodal artifacts A final section reflects on the implications of new multimodal tools technologies and pedagogies for teachers such as on teacher training and community building among educators In its in depth look at multimodal approaches to learning as meaning making in a digital world this book will be of interest to students and scholars in multimodality English language teaching digital communication and education *From ASCII Art to Comic Sans* Karin Wagner, 2023-09-19 A fresh and provocative take on typography computing and popular culture viewed through four idiosyncratic typographical phenomena from the digital age *From ASCII Art to Comic Sans* offers an original vision of the history of typography and computing in the digital age viewed through the lens of offbeat typography We often regard text as pure information and typography as a transparent art form without meaning of its own In this richly illustrated book however Karin Wagner offers a fresh perspective that shows how text is always an image that conveys meaning and how typography far from being meaningless has in fact shaped modern visual and material culture in significant ways By juxtaposing four odd typographical phenomena the pedantic practice of ASCII art the curious looking machine readable typefaces the blurry letters of dot matrix printers and the much maligned font Comic Sans Wagner paints a vivid picture of how functional technologies influence popular culture when used in ways their original creators never intended Design practitioners as well as fans of media graphic design type history and computer technology will enjoy this breezily sophisticated perspective on visual and digital culture Spanning the material and visual aspects of typography from the 1960s to the present *From ASCII Art to Comic Sans* is a unique contribution to the study of popular and material culture that fills a gap in the history of typography and computing **Handbook of the Language Industry** Gary Massey, Maureen Ehrensberger-Dow, Erik Angelone, 2024-07-01 Digital transformation and demographic change are profoundly affecting the contexts in which the language industry operates the resources it deploys and the roles and skillsets of those it employs Driven by evolving digital resources and socio ethical demands the roles and responsibilities deriving from the proliferation of new and emerging profiles in the language industry are transcending the

traditional bounds of core activities and competences associated with prototypical concepts of translation and interpreting This volume focuses on the realities in the language industry from the fresh perspective of current and emerging professional profiles and of the contexts and resources that condition and support them It traces the industry's evolution maps its current state and considers key aspects of its workplaces actors and practices In an age when artificial intelligence is challenging traditionally held views of human performance it addresses the issue of where and how human agents add value to the industry's processes and products with a detailed research based consideration of the activities competences roles responsibilities and tools that characterize the language industry of today and the near future *Politics, Ethnicity and the Postcolonial Nation* Eleonora Esposito, 2021-05-15 This book explores the politics of ethnicity and nationalism in the Caribbean from a critical discourse analytical perspective Focusing on political communication in Trinidad and Tobago it offers unique socio political insights into one of the most complex and diverse countries of the Archipelago Through a detailed reconstruction of Kamla Persad Bissessar's 2010 victorious run for office this book offers ample empirical evidence of the multimodal discursive strategies that held the key to the success of the first woman PM candidate and her inter ethnic coalition bid to overcome political tribalism in the country In parallel it explores the implications and challenges of the postcolonial Trinbagonian national project caught between pluralism and creolization Through its innovative context dependent and interdisciplinary CDS approach this book breaks new ground in Caribbean Studies while at the same time broadening the horizons of the Euro American tradition of Political Discourse Studies to address the complexities of global postcoloniality
