State and Society Responses to Social Welfare Needs in China , **Computational and Experimental Simulations in Engineering** Kun Zhou, 2025-01-02 This book gathers the latest advances innovations and applications in the field of

computational engineering as presented by leading international researchers and engineers at the 30th International Conference on Computational bioengineering geotechnical engineering offshore multi scale structural integrity materials design and computer modeling methods in engineering The contributions which were selected by means of a rigorous international peer review process highlight numerous exciting ideas that will spur novel research directions and foster multidisciplinary collaborations

Admonitions on Governing the People Yagyong Chong,2010-08-15 This is the first English translation of one of Korea s most celebrated historical works a pre modern classic so well known to Koreans that it has inspired contemporary literature and television Written in 1821 by Chong Yagyong Tasan Admonitions on Governing the People Mongmin simso is a detailed manual for district magistrates on how to govern better In encyclopedic fashion Chong Yagyong addresses the administration social and economic life criminal justice the military and the Confucian ritual system He provides examples of past corrupt officials and discusses topics of the day such as famine relief and social welfare A general call for overhauling the Korean ruling system the book also makes the radical proposition that the purpose of government is to serve the interests of the people This long awaited translation opens a new window on early nineteenth century Korea and makes available to a wide audience a work whose main concerns simultaneously transcend national and cultural boundaries

Public Opinion and Political Change in China Wenfang Tang,2005 This book describes through case studies how various factors such as the single party political system traditional culture market reform and industrialization shape public opinion and mass political behavior in urban China Case studies focus on the process of conducting public opinion polls in China s political environment regime legitimacy and reform support media control and censorship interpersonal trust and democratization mass political participation labor relations and trade unions and the role of intellectuals in political change The book draws most of its empirical evidence from twelve Chinese public opinion surveys conducted between the late 1980s and the late 1990s The same questions repeated in many of these surveys provide a rare opportunity to examine the changing pattern of the Chinese public mind during this period The book ends with the provocative conclusion that China s authoritarian political system proved to be less effective than traditional culture marketization and industrialization in shaping public opinion and mass political behavior Liberal ideas and bottom up political participation can emerge even in the absence of direct elections

2012 International Conference on Information Technology and Management Science(ICITMS 2012) Proceedings Bing Xu,2013-02-15 The main objective of the ICITMS 2012 is to provide a platform for researchers engineers academics and industrial professionals from all over the world to present their research results and development activities in Information Technology and Management Science This conference provides opportunities for the delegates to exchange new ideas and application experiences face to face to establish business or research relations and to find global partners for future collaboration
