

A black and white photograph of a woman's lower half. She is wearing a bright red, ruffled dress and high-heeled sandals. She is walking on a wet, reflective surface, possibly a sidewalk. Her right leg is forward, and she is holding a pair of scissors in her right hand. The background is a blurred, wet pavement.

Brooks, 2013-05-01 A grounded tender and mournful reckoning with the catastrophes that launched poor white Anglos into their role as itinerant foot soldiers for modern imperialism now in paperback with a new preface Joanna Brooks s ancestors were among the early waves of emigrants to leave England for North America For generations they lived hardscrabble lives eking out subsistence in one place after another as they continually moved west in search of a better life Why Brooks wondered did her people and countless other poor English subjects abandon their homeland for such unremitting hardship The question leads her on a journey through an obscure dimension of American history Why We Left reveals the violence and dislocation that propelled seventeenth and eighteenth century working class English emigration presenting a powerful restorying of how we arrived at our present moment of precarity and rootlessness Following American folk ballads back across the Atlantic to find histories of economic displacement environmental destruction and social betrayal at the heart of the early Anglo American migrant experience Brooks offers a scholarly and personal account of the intergenerational traumas that shape the history of white Anglos on Turtle Island She shares folk ballads such as Edward which reveals the influence of deforestation on the dislocation of early Anglo American peasant immigrants and The House Carpenter s Wife

which emphasizes the impact of economic instability and the colonial enterprise on women From these ballads tragic and heartrending Brooks uncovers an archaeology of the worldviews of America's earliest immigrants This tenth anniversary edition includes a new preface and develops a haunting historical perspective on the ancestors we thought we knew
