The Entertainment Software Rating Board

A GUIDE TO VIDEO GAME RATINGS

The Entertainment Software Rating Board (ESRB) is an independent, non-profit organization that assigns age and content ratings to video games. The ratings are based on the content of the game, including violence, language, and sexual content. The ratings are designed to help parents and consumers make informed decisions about which games are appropriate for their children.

The ESRB ratings are as follows: **C** (Everyone), **E** (Everyone 10+), **E10+** (Everyone 10 and older), **T** (Teen), **M** (Mature), and **R** (Restricted). Each rating is accompanied by a brief description of the content that led to the rating. For example, a game rated **T** (Teen) may contain moderate violence, language, and sexual content.

It is important for parents to check the rating for the game they are considering for their child. The ratings can help parents make decisions about which games are appropriate for their children. Parents should also talk to their children about the content of the games they are playing.
