completing most main quests you won't be able to attempt that quest again but you'll usually unlock an identical side quest allowing you to hunt the same monster in the same area with the same success/failure conditions. Monster strategies will be discussed in detail as you encounter them throughout the walkthrough featuring elemental and status information and drop lists. The guide also features a fully detailed bestiary for those who just want information about specific monsters unaccompanied by a walkthrough. Trophy achievement information can also be found in a separate trophy achievement guide although be warned many trophies/achievements in Monster Hunter World are easier said than done. Other features of this guide include information on crafting, harvesting, side quests that unlock mantles, ingredients, and other useful features. Field Researcher quests including where to catch rare fish, how to capture small monsters, and where to locate Grimalkynes. Gajalaka Grimalkyne Gajalaka quests. How to upgrade the Ancient Tree Harvest Box and how to unlock various fertilizers. How the Elder Melder works, melding different items and decorations. Where to find the Powertalon and Armortalon and how to upgrade them into the Powercharm and Armorcharm. Detailed information on how to unlock Tempered Monsters, the difference between Threat Level 1, 2, and 3 Tempered Monsters.
