Fragile Families Joachim Eibach, 2023-10-24 In the era of bourgeois modernity 1750 1900 the family is as valued as it is vulnerable It constitutes a community of care conflict and emotion Time and again it is evoked as a bond of love as well as a moral institution Yet both love and morality are fragile A more detailed exploration reveals that domestic life during this period was much more colorful open and dynamic and also more prone to crisis than one might expect given the vaunted view of the family that characterized the heyday of the bourgeoisie This book rewrites the history of the modern family Self narratives primarily diaries written by members of eight families from Germany Switzerland and Austria serve as sources for this research The focus extends far beyond the bourgeoisie With a micro historical eye the author reconstructs family histories from the peasant milieu to the patrician elite from the parsonage to the educated bourgeoisie he considers the domestic life of a journeyman craftsman a couple s descent from the ranks of the petite bourgeoisie the effects of an itinerant childhood among the proletariat and the strain of being caught between a bourgeois family and artistic individuality Many of these aspects point beyond bourgeois modernity to the family in our time *Routledge Library Editions: German History* Various, 2021-07-14 Originally published between 1929 and 1991 the volumes in this set Offer a comprehensive and challenging interpretation of the German past Assess Bismarck s contribution to the German Empire and his legacy for modern Germany Examine the psyche of the Germans and discuss the psychological impact of the Second World War on the Germans Review critically not only the rise and rule of National Socialism but also the strength of authoritarianism and militarism and the weakness of democracy in 19th Century Germany Examine the inter relationships between social and economic change on the one hand and political developments on the other Analyse the significance of the Zollverein on economic growth Discuss authority and the law in the German Empire and the Weimar Republic Analyse the contribution of German historians to 20th Century historiography Chart key events in British German trade rivalry Include archival material from both the former East and West Germany *Pearson's Magazine* , 1908 Vol 49 no 9 Sept 1922 accompanied by a separately paged section entitled ERA electronic reactions of Abrams **Fatal Charm** Carlton Smith, 2017-08-29 From the bestselling author of *The Search for the Green River Killer* A chilling true account of the dream husband who was every woman s nightmare Randy Roth was handsome hardworking kind and in top physical shape But for all his charm and good looks he was seemingly cursed with the ladies His first marriage ended in divorce before the couple s fifth anniversary his second wife plunged to her death during a hike and his third wife left him after less than five months But when Roth s fourth wife Cynthia drowned in an apparent speedboating accident in Washington State s Lake Sammamish just weeks after their first anniversary a pattern of suspicious behavior finally caught up to him As Roth set about collecting on a hefty insurance payout the authorities were on to his game Roth had been careful and so close to getting away with it But as chronicled by

Into Abyssinia Carl E. Hansen, 2023-03-29 In this autobiographical book the author gives an informative and lively account of the first eight years of his and his family's living and serving in pre-revolutionary feudal Ethiopia. It is a story of adventure as a novice missionary couple learns and adapts to a vastly different culture while raising a family in the less developed hinterlands. The events take place from 1967 to 1975, a pivotal time in Ethiopia's history, a time marked by growing discontent with feudalism and the ancient imperial regime that supported it. It was a time of growing turmoil that in the midst of drought and famine spilled over into an armed revolution, a time when ignorant men with guns overpowered the best minds and forced a tradition-bound society to join in a bloody experiment with radical socialism. It was a time when the slow and difficult years of missionary effort in planting the seeds of the Christian gospel began to sprout and take root and grow into what would become a mighty movement of transformation in that society.
