

NOTE:

1. No marks will be awarded for contents repeated from the introduction and conclusion.
 2. The candidate forfeits marks for layout if the words **INTRODUCTION** and **CONCLUSION** are not stated.
 3. No marks will be allocated for layout, if the headings **INTRODUCTION** and **CONCLUSION** are not supported by an explanation.
 4. With the effect from November 2017 a candidate will be awarded a minimum of **ONE (1)** mark for interpretation (18 or more out of 36 marks). This applies specifically to the analysis and interpretation part of insight.
- 15.3 Indicate insight in the left-hand margin with a symbol e.g. (L, A)
- 15.4 The breakdown of marks is indicated at the end of the suggested answer/ marking guidelines to each question.
- 15.5 Mark all relevant facts until the **MAXIMUM** mark in a subsection has been attained. Write **MAX** after maximum marks have been obtained.
- 15.6 At the end of each essay indicate the allocation of marks for facts and marks for insight as follows (L – Layout, A – Analysis) as in the table below:

CONTENT	MARKS
Facts	36 (max)
L	2
A	2
TOTAL	40

- 15.7 When awarding marks for facts, take note of the sub-maxima indicated, especially if candidates do not make use of the same subheadings. Remember, headings and subheadings are encouraged and contribute to insight (structuring/logical flow/sequencing) and indicate clarity of thought. (See **MARK BREAKDOWN** at the end of each question.)
- 15.8 If the candidate identifies/interprets the question **INCORRECTLY**, then he/she may still obtain marks for layout.
- 15.9 If a different approach is used by candidates, ensure that the answers are assessed according to the mark allocation/subheadings as indicated in the marking guideline.

ECRM2014-Proceedings of the 13th European Conference on Research Methodology for Business and Management Studies Dr Martin Rich, Dr Anne Brown, 2014-06-16 *Standing in Private Law* Timothy Liao, 2023 This book develops the idea that standing is a distinct and separable private law concept that can and should be distinguished more clearly from the more dominant concept of a right. By recognising standing's distinctiveness, debates within private law theory including torts, unjust enrichment and trusts are informed and contributed to.

The Global Factory Peter J. Buckley, 2018-02-23 This key new book synthesises Peter Buckley's work on the global factory, the modern networked multinational enterprise. The role of interfirm networks, entrepreneurship and cooperation in the creation and management of global factories leads to a discussion of their governance, internal knowledge transfer strategies and performance, including their role in potentially combating societal failures. Emerging country multinationals are examined as a special case of global factories, with a focus on Indian and Chinese multinationals, their involvement in tax havens and offshore financial centres, the performance and processes of their acquisition strategies, all seen as key aspects of globalisation.

The Routledge Companion to Literature and Human Rights Sophia McClennen, Alexandra Schultheis Moore, 2018-02-05 The Routledge Companion to Literature and Human Rights provides a comprehensive transnational and interdisciplinary map to this emerging field, offering a broad overview of human rights and literature while providing innovative readings on key topics. The first of its kind, this volume covers essential issues and themes necessarily crossing disciplines between the social sciences and humanities. Sections cover subjects with pieces on subjectivity, humanity, identity, gender, universality, the particular, the body, forms, visiting the different ways human rights stories are crafted and formed via the literary, the visual, the performative and the oral contexts, tracing the development of the literature over time and in relation to specific regions and historical events, impacts, considering the power and limits of human rights literature, rhetoric and visual culture. Drawn from many different global contexts, the essays offer an ideal introduction for those approaching the study of literature and human rights for the first time, looking for new insights and interdisciplinary perspectives or interested in new directions for future scholarship.

Routledge Handbook of Risk Studies Adam Burgess, Alberto Alemanno, Jens Zinn, 2016-03-31 It is over 40 years since we began to reflect upon risk in a more social

than technological and economic fashion firstly making sense of the gap between expert and public assessment of risks such as to our health and environment With fixed certainties of the past eroded and the technological leaps of big data ours is truly an age of risk uncertainty and probability from Google s algorithms to the daily management of personal lifestyle risks Academic reflection and research has kept pace with these dizzying developments but remains an intellectually fragmented field shaped by professional imperatives and disciplinary boundaries from risk analysis to regulation and social research This is the first attempt to draw together and define risk studies through a definitive collection written by the leading scholars in the field It will be an indispensable resource for the many scholars students and professionals engaging with risk but lacking a resource to draw it all together

The New Power Elite Alan Shipman, June Edmunds, Bryan Turner, 2018-04-13 Elites have always ruled wielding inordinate power and wealth taking decisions that shape life for the rest In good times the 1% can hide their privilege or use growing social mobility and economic prosperity as a justification When times get tougher there s a backlash So the first years of the twenty first century a time of financial crashes oligarchy and corruption in the West persistent poverty in the south and rising inequality everywhere have brought elites and establishments under unprecedented fire Yet those swept to power by this discontent are themselves a part of the elite attacking from within and extending rather than ending its agenda *The New Power Elite* shows how major political and social change is typically driven by renegade elite fractions who co opt or sideline elites traditional enemies It is the first book to combine the politics economics sociology and history of elite rule to present a compact comprehensive account of who s at the top and why we let them get there

Diehl,Isabell Koinig,2022-02-15 Change management is not just affected globally by environmental and social conditions including political and technological changes but also through convergence which helps conceptualize change over the past decades The media industry in particular is being challenged by the rise of social media the crisis of refinancing especially for quality news media the misinformation epidemic and the changing role of legacy media The evolving nature of media

usage and communication the rise of produsage and influencers and intermediaries and their personalized algorithmic content are also factors that impact the industry along with data privacy and privacy management and the new responsibilities of companies such as sustainability agility and resilience etc This book focuses on permanent change management in the media and related industries It provides insights into the most common and crucial phenomena of media and change management in general while also revealing some more specific issues brought about by technical and social innovations The authors expand the meaning of media management beyond the management functions within the industry to include the management of different media The book serves as a useful guide for researchers students and practitioners alike as they are all affected by change processes

If ... Then Taina Bucher, 2018 We live in a world in which Google's search algorithms determine how we access information Facebook's News Feed algorithms shape how we socialize and Netflix collaborative filtering algorithms choose the media products we consume As such we live algorithmic lives Life however is not blindly controlled or determined by algorithms Nor are we simply victims of an ever expanding artificial intelligence Rather than looking at how technologies shape or are shaped by political institutions this book is concerned with the ways in which informational infrastructure may be considered political in its capacity to shape social and cultural life It looks specifically at the conditions of algorithmic life how algorithms work both materially and discursively to create the conditions for sociality and connectivity The book argues that the most important aspect of algorithms is not what they are in terms of their specific technical details but rather how they become part of social practices and how different people enlist them as powerful brokers of information communication and society If we truly want to engage with the promises of automation and predictive analytics entailed by the promises of big data we also need to understand the contours of algorithmic life that condition such practices Setting out to explore both the specific uses of algorithms and the cultural forms they generate this book offers a novel understanding of the power and politics of algorithmic life as grounded in case studies that explore the material discursive dimensions of software
