

Design Tools Essential for Any Graphic Designer

Graphic designers are needed to make the websites beautiful. The [web designer's](#) job is to simply ensure that the website is functional and is easy to navigate. The graphic designer has to make it look attractive. However, this isn't the only job that they perform. They are also tasked with the duty of coming up with designs for the company's logo and to decide which colour themes would suit the company's website. [Graphic designers](#) rely a lot on their creativity. However, this alone can't make them successful. For graphic designers to be good at their job, they have to have the essential tools for doing their job. Here is a list of design tools that every graphic designer must have in his possession.

Adobe Creative Suite

Adobe Creative Suite is a graphic designer's best friend. It contains a whole host of programs within itself that are needed for performing a myriad of graphic designing tasks. The programs that you will find in Adobe Creative Suite include Photoshop, Dreamweaver, After Effects, and even Encore. All of these programs play an important role in graphic design. For instance, Photoshop is required for editing images and making them more appropriate for a client's website. After Effects is the go-to software for animation while Encore is needed for video creation. Thus, it is evident that if you want to make it in the graphic design industry, you need to invest in the Adobe Creative Suite as soon as possible.

Pixlr

Pixlr is an alternative for Adobe Photoshop that is widely used by graphic designers. This software is much easier to use than Photoshop but offers all the necessary image-editing tools that you need. Moreover, it does not require you to have a license to use the software. Thus, if your graphic designing projects are simple and
