part 1 of 9

THE CALL

The Story So Far...

Things aren't looking too good for our heroes. Fabletown is destroyed. The Fables are refugees again, on the run and currently hiding out at the Farm. Mister Dark has moved into the ruins of Bullfinch Street and has begun building his long-term personal residence there. the imaginative and ideological uses of wolves also reflect back on the lives of material animals long persecuted in their declining habitats across the world Werewolves therefore raise unsettling questions about the intersection of the real and the imaginary the instability of human identities and the worldliness and political weight of the Gothic This is the first volume concerned with the appearance of werewolves and wolves in literary and cultural texts from the mid nineteenth century to the present Drawing on representations of werewolves and wolves in literature film television and visual culture the essays investigate the key texts of the lycanthropic canon alongside lesser known works from the 1890s to the present The result is an innovative study that is both theoretically aware and historically nuanced featuring an international list of established and emerging scholars based in Britain Europe North America and Australia *Graphic Novels* Michael Pawuk, David S. contingency Its three case studies trace how contemporary comics tie into deep traditions of visual and verbal storytelling how they reevaluate their own status as fiction and how the fictional minds of their characters generate complex ethical thought experiments At a time when the medium is taken more and more seriously as intricate and compelling literary art this book lays the groundwork for an analysis of the ways in which comics challenge and engage readers minds It brings together comics studies with narratology and literary criticism and in so doing provides a new set of tools for evaluating the graphic novel as an emergent literary form
