The End of Ignorance John Mighton, 2011-06-01 A revolutionary call for a new understanding of how people learn The End of Ignorance conceives of a world in which no child is left behind a world based on the assumption that each child has the potential to be successful in every subject John Mighton argues that by recognizing the barriers that we have experienced in our own educational development by identifying the moment that we became disenchanted with a certain subject and forever closed ourselves off to it we will be able to eliminate these same barriers from standing in the way of our children A passionate examination of our present education system The End of Ignorance shows how we all can work together to reinvent the way that we are taught *Amazon Ads WITHOUT SPENDING A DIME (Almost)* Prasenjeet Kumar, 2021-07-29 Let's admit Amazon Ads is absolutely the ultimate advertising platform to market your books on Amazon Period But unfortunately there are so many ways you can go wrong in harnessing this beast's awesome potential Muddying the experience is a lot of bad advice floating on the internet which makes the whole adventure with Amazon Ads frustrating infuriating and downright expensive So how do authors go wrong In my opinion One by bidding spending too much without getting good results i.e. getting a negative Return on Investment ROI Second by stressing too much about the perfect sales description or by testing different descriptions or by doing both And the third by over monitoring your ads The solutions are simple And this book will cut out the fluff by teaching you strategies that really work So get set to learn how to Set up your ads with screenshots Target your audience including in non US territories which no other book teaches you Understand bidding and sales reporting Check profitability of your ads without getting swamped under a barrage of technical jargon Write ad descriptions a process most books complicate And much more And all this of course WITHOUT SPENDING A DIME almost So what are you waiting for Buy now or download a sample Other Books in this Series How to be an Author Entrepreneur WITHOUT SPENDING A DIME How to Translate Your Books WITHOUT SPENDING A DIME How to Market Your Books WITHOUT SPENDING A DIME How to Have a Happier Writer Mindset WITHOUT SPENDING A DIME Keywords author platform author entrepreneur and email marketing how to self publish your book indie author how to launch a book how to market your book and writer's block how to write edit publish format cover design and promote your book *Big Money With Your Book ...Without Selling A Single Copy!* Trevor Crane, 2017-10-24 Let's begin this with total transparency Most people don't make a lot of money with their book The average self published author makes less than 100 per year The average U.S. nonfiction book is now selling less than 250 copies per year and less than 2,000 copies over its lifetime Very few titles are big sellers Only 62 of 1,000 business books released in 2009 sold more than 5,000 copies according to an analysis by the Codex Group New York Times March 31 2010 A book has far less than a 1% chance of being stocked in an average bookstore There are thousands of titles competing for that limited shelf space What if your book becomes a bestseller Most people think that once that happens your book will take off Then you'll be in demand for interviews and everyone will just

magically just come buy your stuff and you ll be famous right Wrong If you build it they will come Only worked for Kevin Costner in the Field Of Dreams And Shoeless Joe Jackson is probably not your target audience The TRUTH is You need to have a system in place i e products and services or a business to monetize your book What happens if you don t Well not much And that s the problem Inside this book you will learn 4 specific strategies THAT YOU CAN USE to make 6 7 figures with your book Yeah and you can do them WITHOUT selling a single copy of your book Inside this book you ll learn the BIG SECRETS from interviews with authors who are using these strategies RIGHT NOW to grow a massive INCOME and make a difference Your book could and should become one of your most powerful marketing tools Get it now and learn how you can start making money with your book today BONUS You ll actually discover many more than 4 strategies for you to make money with your book But Shhhhhh don t tell anybody MORE in this book If you know you have a book or books inside you here you will learn not only how to get that message and those ideas into the right book and get it published but more importantly how to Turn it into your most powerful marketing tool If you have doubts or question that you have what it takes to write a book and find the idea of writing one daunting this book will replace your doubts and questions with practical advice and motivation Whether you want to make it hit BESTSELLER lists or just sell more of your products or services this book will help give you a competitive advantage that makes it easier to do so INSIDE WHY having a book is your best marketing tool HOW to build authority and credibility with a book STEP BY STEP how to turn your book into your ultimate Lead Generation Tool NINJA strategies to use your book to bypass gatekeepers and get it into the hands of your Ideal Client MEDIA secrets for authors that gets you tons of Free Publicity HOW to use your book to get more profitable Speaking Engagements And so much more WHAT THIS BOOK IS NOT This book is NOT a formula to get rich quick This book is NOT going to magically make you successful This book is NOT for people who are not willing to do the work This book WILL show you a simple path that you can follow But it will take your hard work and follow through to make it happen You can do it And this book will help you But it will not do it for you However do the work and you ll wish you had read this book YEARS ago

Srila Prabhupada-lilamrta, volume 1 Satsvarupa Dasa Goswami, Srila Prabhupada lilamrta tells the story of a remarkable individual and a remarkable achievement The individual is A C Bhaktivedanta Swami Prabhupada philosopher scholar religious leader saint The achievement is the revolutionary transplantation of a timeless spiritual culture from ancient India to twentieth century America This first of two volumes begins with the story of the events leading up to Srila Prabhupada s meeting his guru an encounter that ignited in Srila Prabhupada a slowburning flame of desire to take Krishna consciousness to the Western world His early life was a period of patient and transcendent determination as he prepared for a mission that would later be crowned with astounding success In August and September of 1965 Srila Prabhupada traveled alone aboard a steamship from India to New York City with no more than the equivalent of eight dollars in his pocket and no institutional backing but with unshakable faith in Lord Krishna and the instructions of his spiritual master It is the 1960s an era in which the children of those who fought World War II were leading a sweeping revolt against a society losing its soul to godless mass consumerism Into this milieu Srila Prabhupada brought a vision for a new kind of society a society born of a radical transformation of human consciousness from materialism to the loftiest spiritual and ethical idealism By 1967 he had arrived in San Francisco s Haight Ashbury district America s counter culture capital where he continued his work of calling America s youth to live up to their higher spiritual ideals and distributing the holy name of Krishna indiscriminately By the end of the volume we have seen Srila Prabhupada in England meeting the Beatles Holland Japan Africa and finally back in India where he triumphantly returned with his dancing white elephants a group of his mostly Caucasian Western followers The research team assembled by the author traveled throughout the world to gather thousands

of hours of interviews with hundreds of people who knew Srila Prabhupada diaries and memoirs from his students and more than seven thousand of Srila Prabhupada s letters Then the author and his team distilled this voluminous firsthand source material into a rich composite view of Srila Prabhupada a dazzling and colorful picture of one of the most remarkable lives of our times
