BREAKING LIMITATIONS Lucy Mambu , 2021-10-11 Life is a battleground and it is a fundamental truth that we all encounter painful experiences in life that leave us paralyzed one way or another and as we journey through life we are marred by self inflicted limitations Limitations are circumstances that restrain or restrict our movements in life Some are spiritual limitations while some are self imposed limitations which is as a result of past experiences A limited man is a restricted man and limitations are designed to prevent many from living the abundant life already made available for them through the finished works of Christ In order to live a limitless life we must make a conscious effort to shatter the limitations that are holding us back and this book is compiled to help you understand that self inflicted limitations are destructive detrimental and causes life to derail We must not set

limitations on ourselves based on the challenges we encounter in life To help you understand that regardless of the obstacles that may present themselves in our lives we must consciously go after our dreams fearlessly and not be afraid to break barriers and push forward towards our destiny It is also compiled to help you understand that freedom is not the absence of limitations but the choice as to what you choose to restrain and restrict your progress because ultimately your freedom is in your hands
