G., 2023-12 H G Wells the famous science fiction writer ventured into the area of theology and spirituality with his book *God the Invisible King* This painting marked a departure from Wells standard literary endeavors as he delved into questions of faith faith and the character of God In *God the Invisible King* Wells embarks on a considerate exploration of the concept of God He stocks his non public religious journey revealing a departure from conventional

religious doctrines even as maintaining a deep sense of spirituality Wells grapples with the concept of a divine presence that may not necessarily conform to traditional non secular dogmas but maintains to persuade the universe and human life Throughout the book Wells engages with the demanding situations posed through technology and reason to set up spiritual beliefs advocating for a more modern summary know how of God He underscores the need for a religious and moral framework to manual humanity in an unexpectedly evolving world driven by means of clinical and technological advancements Wells *God the Invisible King* represents a departure from his well known technology fiction paintings presenting readers an extraordinary angle on religion and spirituality The book displays Wells highbrow curiosity and his search for an extra inclusive and modern interpretation of God *God the Invisible King* Herbert George Wells,2020-05-30 Perhaps all religions unless the flaming onset of Mohammedanism be an exception have dawned imperceptibly upon the world A little while ago and the thing was not and then suddenly it has been found in existence and already in a state of diffusion People have begun to hear of the new belief first here and then there It is interesting for example to trace how Christianity drifted into the consciousness of the Roman world But when a religion has been interrogated it has always had hitherto a tale of beginnings the name and story of a founder The nascent religion that is now taking shape it seems had no founder it points to no origins It is the Truth its believers declare it has always been here it has always been visible to those who had eyes to see It is perhaps plainer than it was and to more people that is all It is as if it still did not realise its own difference Many of those who hold it still think of it as if it were a kind of Christianity Some catching at a phrase of Huxley s speak of it as Christianity without Theology They do not know the creed they are carrying It has as a matter of fact a very fine and subtle theology flatly opposed to any belief that could except by great stretching of charity and the imagination be called Christianity *God the Invisible King* H G Wells,2019-06-26 This book covers the author s conception of God aside from any religion He does not come from a religious view in order to transmit the truest conception of God that he is capable of because any religion whatever it might be always claims God for itself in an exclusionary fashion In other words you must be a follower of the chosen faith before God will accept you into his kingdom Wells rejects this view Any man or woman who accepts God s love as one person connecting to their own creator is fine An intermediary despite what they might crow from whatever pulpits they use is not necessary We are all God s children We are all seeking the same God so to be dogmatic within a certain exclusionary faith is small minded and petty If you want to grow up spiritually then this book is for you

the Invisible King reflects Wells's contemplation of the spiritual and moral dimensions of human existence in the midst of global conflict. The book presents his personal reflections on Christianity, God, and the potential for a deeper spiritual understanding. In *God the Invisible King*, Wells discusses various topics including the nature of God, the influence of organized religion, the significance of personal faith, and the implications of scientific advancements on religious beliefs. He emphasizes the importance of a universal and ethical approach to religion that transcends denominational differences. Wells's approach to religion in *God the Invisible King* has been described as a mixture of rationalism, mysticism, and social critique.

God, the Invisible King (Classic Reprint) H. G. Wells, 2015-06-28 Excerpt from *God the Invisible King* His matter is modern religion as he sees it. It is only incidentally and because it is unavoidable that he attacks doctrinal Christianity. About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books. God the Invisible King Herbert George Wells, 2020-05-30 Perhaps all religions unless the flaming onset of Mohammedanism be an exception have dawned imperceptibly upon the world. A little while ago and the thing was not, and then suddenly it has been found in existence and already in a state of diffusion. People have begun to hear of the new belief first here and then there. It is interesting for example to trace how Christianity drifted into the consciousness of the Roman world. But when a religion has been interrogated it has always had hitherto a tale of beginnings, the name and story of a founder. The nascent religion that is now taking shape it seems had no founder; it points to no origins. It is the Truth, its believers declare, it has always been here; it has always been visible to those who had eyes to see. It is perhaps plainer than it was and to more people that is all. It is as if it still did not realise its own difference. Many of those who hold it still think of it as if it were a kind of Christianity. Some catching at a phrase of Huxley's speak of it as Christianity without Theology. They do not know the creed they are carrying. It has as a matter of fact a very fine and subtle theology flatly opposed to any belief that could except by great stretching of charity and the imagination be called Christianity.

perhaps in several particulars opposed to his own God the Invisible King H. G. Wells, 2014-10-09 probable occasion of trouble forthwith An issue upon which this book will be found particularly uncompromising is the dogma of the Trinity The writer is of opinion that the Council of Nicaea which forcibly crystallised the controversies of two centuries and formulated the creed upon which all the existing Christian churches are based was one of the most disastrous and one of the least venerable of all religious gatherings and he holds that the Alexandrine speculations which were then conclusively imposed upon Christianity merit only disrespectful attention at the present time There you have a chief possibility of offence He is quite unable to pretend any awe for what he considers the spiritual monstrosities established by that undignified gathering He makes no attempt to be obscure or propitiatory in this connection He criticises the creeds explicitly and frankly
