The City and the Railway in the World from the Nineteenth Century to the Present Ralf Roth,Paul Van Heesvelde,2022-07-18 This volume explores the relationship between cities and railways over three centuries Despite their nearly 200 year existence The City and the Railway in the World shows that urban railways are still politically and historically important to the modern world Since its inception cities have played a significant role in the railway system cities were among the main reasons for building such efficient but lavish and costly modes of transport for persons goods and information They also influenced the technological appearance of railways as these have had to meet particular demands for transport in urban areas In 25 essays this volume demonstrates that the relationship between the city and the railway is one of the most publicly debated themes in the context of daily lives in growing urban settings as well as in the second urbanisation of the global South with migration from rural to urban landscapes The volume s broad geographical range includes discussions of railway networks railway stations and urban rails in countries such as India Japan England Belgium Romania Nigeria the USA and Mexico The City and the Railway in the World will be a useful tool for scholars interested in the history of transport travel and urban change

The Report: Mongolia 2014 Oxford Business Group,2014-05-23 Since the country s transition from communism two decades ago the Mongolian economy has experienced rapid liberalisation Sectors including ICT and insurance are expanding quickly and while the mining sector has been responsible for making Mongolia a rising star in the global economy there is great potential for further growth in all economic sectors Politically stable and rich with natural resources Mongolia has emerged as a bellwether for investor confidence in recent years The 2013 commercialisation of the Oyu Tolgoi gold and copper mine is helping to diversify Mongolia s mineral exports away from coal while the government is working to improve the investment environment by adopting the new Investment Law among other measures Challenges do exist however from the long harsh winters that slow construction to the difficulty of connecting the sparsely populated nation through ICT and transport systems In response the government has partnered with the private sector on a number of fronts in order to promote economic diversification and competitiveness

Effective Writing in the Public Sector John W.
