

## 3CS SANITIZING SINK HEATERS

Models 3CS-3, 3CS-4, 3CS-6, 3CS-9, 3CS-3B, 3CS-4B, 3CS-6B, 3CS-9B

The Hatco 3CS Sanitizing Sink Heater makes manual warewashing faster and more convenient. It maintains a continuous supply of sanitizing rinse water without taking up valuable sink space.

### FLEXIBILITY

Designed to fit under the center of the sink, the 3CS is perfect for 3- or 4-compartment sinks, pot and pan sinks, and bar sinks.

The 3CS features a unique dual reservoir system. One reservoir contains the heating element and should always be filled with water. The other reservoir traps and collects soil carried from other sink compartments. This reservoir is easily emptied after each use by a convenient drain.

### QUALITY

The following features assure the finest performance for years to come:

- All models include stainless steel front, powdercoated silver-gray hammertone body, and convenient side drain.
- Every Hatco 3CS is equipped with an ECO (Energy Cut-Off) wired into the electrical circuit. This built-in protection "breaks" the power to the elements if the temperature of the water goes above the normal thermostat setting.
- An on-off toggle switch activates the heater and a yellow light indicates when power is on. A red light is an overtemp indicator pointing out the need to refill the unit with water and reset the unit.
- Each 3CS model features a stainless steel tank with a five-year warranty.
- Available with an optional temperature monitor or temperature light that indicates when water reaches the sanitizing temperature.
- The 3CS is shipped ready to install with all gaskets and fittings.
- Meets NSF Standard of 180°F (82°C) for dish sanitizing.

3CS-6 with optional temperature monitor

### WATER QUALITY REQUIREMENTS

Incoming water in excess of 3.0 grains of hardness per gallon (GPG) (.75 grains of hardness per liter) must be treated and softened before being supplied to water heater(s). Water containing over 3.0 GPG (.75 GPL) will decrease the efficiency and reduce the operating life of the unit.

*Note: Product failure caused by liming or sediment buildup is not covered under warranty.*
